Overview

The 58 Sedan Bridge is a testimony to the engineering genius of Sea Ray. The powerful yet ultra quiet and efficient MAN engines easily produce a max speed of over 31 kts or a comfortable cruise of 19 kts (at 40 gph) or for a fuel range exceeding 1,000 nm, idle at 7.5 kts (at 2 gph). The planing hull that drafts 4'3" makes the skinniest waters of the ICW and coastal cruising a dream. This is the perfect blend of a large, solidly built yacht that is capable of very fast or slow cruising, extremely fuel efficient, stable and comfortable to operate by a couple.

OHANA FIVE is a captain-maintained 58' Sea Ray Sedan Bridge in top condition. The bridge has A/C and full enclosure with bridge refrigerator/ice maker. Electronics include Raymarine, Chartplotter, radar, autopilot, VHF radio, bow and stern thrusters, windlass, hydraulic platform, remote, spotlight. The interior has been updated with new stateroom fabrics. Full bottom service 2017.

She is ready for her new owner who will enjoy the benefits of the high attention to detail and maintenance. She is a must see before making a buying decision. Call for an appointment to tour and inspect this meticulously maintained vessel.
