## Overview

---

“S/Y KAFRAD” Vallicelli 75 is a Sloop rigged cruising Yacht that was built in 2004 by C.N Yachts 2000. She was refitted during 2014 and has been built with both luxury and high-performance sailing in mind and comes fully equipped with full facilities on board. The Yacht has been professionally maintained by her current owner and is in excellent condition.

S/Y Kafrad is built with advanced composite construction using Fibreglass Kevlar sandwich, the hull is both lightweight and powerful in all bearings, facilitating a strong performance through the water, which makes her a great blue water cruiser and would be suitable for regatta racing. The Yachts mast and boom are both carbon, with 2014 North Sails, hydraulic windlass, an in-furling boom and two steering stations port and starboard; all of which makes the Yacht easy to manoeuvre and maintain.

S/Y Kafrad can accommodate up to 10 guests in 5 cabins including a crew cabin up forward. All cabins are equipped with satellite televisions, with their own individual research and programming setup. There is a large saloon and dining area, which is perfect for family occasions and a large garage at the stern which currently houses the tender with an outboard.
