# DETAILED INFORMATION

---

## Vessel Walkthrough

---

The expansive salon is entered through an electric sliding door and features a day head located immediately to port. To starboard, the leather L-shaped sofa offers rod or tackle storage beneath. The custom granite-topped island in the galley proves very functional allowing you to enter from either side. The bar stools and the dinette accommodate family and guests with ample room. Below, the full-beam master suite with king-size bed, upholstered headboard, his and hers maple-lined hanging lockers, and flat screen television lets comfort surround you. Fixed port and starboard port lights add natural light during the daytime, while they can be closed at night for privacy.

Four additional staterooms accommodate family and guests with a queen centered VIP forward with ensuite head. Two staterooms to port with a shared head; one with two bunks and one with a double berth. Another bunk stateroom is located to starboard with a private head.

The 206 square-foot cockpit gives you all the room you need to move around the rocket launcher. The mezzanine keeps necessities like a bait freezer, tackle, and a step box cooler close at hand. The flying bridge overhang provides shade and air conditioning for the mezzanine. The cockpit features drop-in fish boxes, transom live well, a transom door, under gunwale gaff storage, and both fresh and raw-water wash down systems.

## Salon

---
