SPECIFICATIONS

Overview

Attention buyers and yacht brokers, **DOWN TIME** is the only Sovran 3900 located in South Florida and she is among the least expensive Tiara 3900 for sale in the United States. The sellers have selected their next vessel and they are motivated to sell their Tiara ASAP. **DOWN TIME** is a well maintained 2011 Tiara Sovran 3900. This 3900 was the best deal available when the current owner purchased the boat in the Spring of 2015. Since that time **DOWN TIME** has been an ideal gathering place for family dive trips and cruising our local waters. **DOWN TIME** is powered by Volvo's IPS Technology which simplifies boat handling thanks to the ease of working with the joystick. These engines are drastically smaller compared to conventional diesels which allow the builder more room for interior comforts. In the case of their 3900 Sovran, Tiara has built an aft theater and this innovative feature has been well received. In 9/2016 the boat was taken to a local shipyard for annual service. Service work included new bottom paint, Volvo IPS Drives were serviced and topsides were waxed. Please call to arrange time to inspect **DOWN TIME** in Fort Lauderdale.

Basic Information

Category: Cruiser
