## Overview

---

### **DOMINATOR 640 - BECAUSE YOU ONLY DESERVE THE BEST!**

#### **Price starting from 2.090.000 EUR (standard options)**

This 20 meter long and 5 meter wide custom flybridge yacht represents the best of made in Italy for handcraft production and details, like the style of the interior and exterior.

The extended windshield and sleek lines of the superstructure clearly show the personal inspiration of the Designer Alberto Mancini originally coming from the field of sportscar design. The tremendous large windows that clearly create the distinctive character of this yacht suffuse it with an extraordinary amount of light and are a pleasant feast for the eyes. Different details of the exterior have been specifically designed to emphasize the living space of the yacht. The fly features a hydraulic Bimini, which can also be a carbon hard-top on request.

The Dominator 640 was constructed using vacuum-infusion technology and carbon fiber to reduce weight and consumption sustainably. The yacht features infrared night vision cameras, 3x maneuvering joysticks for precise and easy navigation and 2x MAN 1200HP.

The combination of the unique design and the perfect nautical engineering makes the Dominator 640 a yacht that has no competition in its range: because the members of the exclusive Dominator circle only deserve the Best!
