SPECIFICATIONS

Overview

For sale No Limit 1500 "BAZ84" A truly magnificent motor yacht. Its special character and rugged design makes this ship a real head turner. The ship always well maintained by the yard and owner, thereby the ship is in excellent condition. All that is required for safe, long distance sea sailing is incorporated. Built to the highest standard of Dutch boatbuilding craftsmanship, the excellent manoeuvring capacities of the ship makes it perfect for the lone sailor. Ideal for long distance sea sailing but also for inland cruising due to shallow draft of the ship. Because of the deep V hull a No Limit behaves smoothly and on course in the water. Even at high speed against the wind and waves they remain safe and comfortable. Placed around the ship an air-filled tube attenuates high degree oscillations with side incoming waves. The capacity of the fuel tanks and relatively low fuel consumption at cruising speed give the No Limit a great sailing range. In the past years the owner did various refit of on the BAZ84 to keep this yacht to the standards of today. In 2013 the underwater hull complete sandblasted and coated with International epoxy coating and antifouling. In 2013 the hull complete repainted grey and 2014 the complete superstructure and decks repainted. New central heater Kabola 2013. 5 new 300Ah service batteries in 2013 and new starter batteries in 2014 2013 new hydraulic steering cylinder. The ship was every winter stored in conditioned hall. "Four Seasons" a NLS 1550 recently crossed the Northern Atlantic from Holland on its way to the Fort Lauderdale International Boat Show 2016. Please navigate to their blog to read all about this exciting adventure. "Four Seasons" will be exhibited at the 2017 Miami Boat Show from Thursday February 16 to Monday February 20 at slip 117.
