Maestro 3 Cabin Owners Version

One Owner, Low Hours, Never Chartered

Complete Bottom Paint, Hull Waxed/ Detailed November 2016

Video and Photos Show Boat Hauled Out

She Is Absolutely Gorgeous!

Be sure to watch all three walk-through videos

This three stateroom, **one owner** French built cat has been very lightly used. All controls lead to the helm for simple boat and sail handling. The Orana was designed to be a blue water cruiser. She has a low center of gravity compared to similar catamarans and performs very well in a variety of weather and sea conditions. She has great visibility from the helm and generous bridge deck clearance. Fountaine Pajot designed these cats to be thousands of pounds lighter than the competition, which means loading her full of cruising gear won't make such an impact on performance. The Orana's impressive sailing characteristics mean much less motoring in light winds. This owners version features large master stateroom, two guest staterooms, and a utility room.

Highlights include:

- **Three Stateroom, Three Head Version**
- **Volvo 30HP diesels (533 hours)**
- **Onan 11KW Diesel Genset (584 hours)**
- **Mast Height 63.42 ft.**
- **Four Zone Reverse Cycle Heat and Air**
- **Electric Harken Main Winch**
- **3 Blade folding propellers**
- **KVH M5 Satellite Television Dome**
- **Furuno Autopilot, Radar, and Chartplotter**

- **Furuno Instrumentation**

Brokers Remarks

This Orana is absolutely gorgeous. In November 2016 she received a professional barrier coat (seven coats), bottom paint, and hull detail and wax.

This one owner French built cat has been very lightly used. The owners version features large master stateroom, two guest staterooms, and a utility room. There are numerous places to lounge both indoors and out.

Highlights include:

- **Three Stateroom, three head version**
- **Volvo 30HP diesels (533 hours)**
- **Onan 11KW Diesel Genset (584 hours)**
- **Four Zone Reverse Cycle Heat and Air**
- **Electric Harken Main Winch**
- **KVH M5 Satellite Television Dome**
- **3 Blade folding propellers**
- **Furuno Autopilot, Radar, and Chartplotter**
- **Furuno Instrumentation**
- **9' 6" Achilles Hypalon Dinghy w/ Honda Outboard (NEW 2014!)**
- **Sun Curtains For Cockpit**
- **Aft facing cockpit lounges**
- **Gennaker Sail (Used Once)**
- **Liferaft**

Manufacturer Provided Description

The ORANA 44 is intended to be a comfortable ocean-going vessel.

Designed by the famous Joubert-Nivelt firm of architects, the ORANA 44 offers:

Free on-deck movement, like her sisters. A very low center of gravity for maximum security, with opened access between the cockpit and saloon. A large sliding window for direct communication between the saloon and cockpit. A three-seat steering station combining all navigation controls, with excellent visibility over the roof. A sheltered sundeck behind the steering station, which includes two portable sunloungers with adjustable backs. Most importantly, great performances with 110m² of sail, which in normal weather would allow extensive sailing under the wind, limiting use of motors. There are two versions of the ORANA 44, including the original: 4-cabin: in the passageways are four bright, attractive cabins, each with attached lavatory and separate shower room. Maestro Version: The ORANA 44 benefits from an Owner hull for greater comfort on board. The entirely private hull has a fine cabin which opens out a bureau with a library and has a private bathroom. On the portside are two double cabins and two shower rooms.
