Overview

"Hot Air V" stands out among the mid-pilothouse yachts with a **fabulous gloss Sapele interior and custom cabinetry**. Note her wide 17'6" beam! Cruising couples will certainly appreciate the **open galley** to the pilothouse and salon, generous settees and super-comfy stateroom layout! Her wide and **covered walk around decks** make docking and line handling a breeze.

Note these other desirable features which set her apart from other pilothouse yachts:

- **Hardtop**
- **3 stations including a cockpit station for docking**
- **Wesmar stabilization**
- **Bow thruster**
- **Watermaker**
- **Inverter**
- **Hydraulic swim platform**
- **Raymarine electronics**
- **Satellite television**

The Sarin line of Symbol yachts are especially known for their wonderful seakeeping in all points of wave conditions in quiet comfort! Call today to inspect this fine 58' Symbol!

LOA: 58' 0" (17.68m)

LOD: 59' 6" (18.14m)

Beam: 17' 6" (5.33m)

Min Draft: 4' 8" (1.42m)

Max Draft: 4' 8" (1.42m)

Speed, Capacities and Weight

Water Capacity: 250 Gallons

Holding Tank: 50 Gallons

Fuel Capacity: 1070 Gallons

Accommodations

Total Cabins: 3

Total Berths: 4

Sleeps: 6

Total Heads: 2

Hull and Deck Information

Hull Material: Fiberglass

Hull Configuration: Semi-Displacement

Hull Color: White

Hull Designer: Jack Sarin

Engine Information

Manufacturer: Caterpillar

Model: 3406E

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Accommodations and Layout

Exquisite hi-gloss Sapele (Mahogany) cabinetry throughout the entire interior with many custom accents including curved bulkheads and doors, louvered cabinets and accent glass-fronted cabinetry...uniquely customized to a level found on most larger, custom yachts!

Taller owners and guest will find the headroom to be more generous than typical motor yachts this size.

Note the following decor items:

- Brass toned pulls and hardware throughout
- Off-white vinyl covered ceiling panels (velcro attached for easy removal)
- Baths feature overhead plexiglas mirrors, teak/holly flooring, teak shower pan covers, and granite countertops

Stepping into **salon** through double stainless steel sliding glass doors (framed by drapes), large viewing windows on either side allow plenty of natural lighting.

Features include:

- **L-shaped leather sofa to starboard with electric hi-lo wooden coffee table (extendable)**
- Barrel chairs to port separated by a lovely glass front cabinet
- Window valences with fabric silhouette curtains
- Alabaster scone lighting
- Forward cabinetry with glass-paned and louvered doors
- Custom ceiling soffit with wood trim and backlighting

Moving up four steps to the galley/pilothouse, a **custom galley arrangement is open to both the pilothouse and salon allowing for interaction between these areas.**

The **pilothouse** features a long settee (with drawers beneath) with an expandable hi/lo table (converts to a berth), centered black leather helm chair and an Airtex stainless steel wing door to starboard. Helmsmen will appreciate the

terrific 360 degree visibility (especially forward). Note especially a well-laid out dash and gorgeous custom wooden helm wheel!

A unique and beautiful stairway (featuring a polished stainless steel tube with inset oval wooden steps) access the flybridge to port via a watertight Pacific Coast hatch.

Starboard and forward in the pilothouse, curved sapele stairs lead down to the 3 staterooms. At the landing foyer, aft is a full beam amidships **master stateroom**. Features include:

- Uniquely curved forward bulkhead and doors to full-sized hanging closets
- Centerline Queen-sized bed with a custom inner-spring mattress and storage below
- Bookshelves either side bed
- Overhead ceiling soffit enclosing a/c vents
- Vanity with mirror to port
- Roomy bath to starboard with a granite counterop and a large 'party shower' (with seating built-in) and teak grate (can be converted into a steam room if desired).
- Beige woven carpet

Past the foyer and up are the **Guest and VIP staterooms which share a bath**. The guest stateroom is to port and features upper/lower single bunks, desk work station, closet and storage cabinets. The VIP stateroom is forward with a centerline queen bed which is hinged for access beneath and features two closets and storage cabinets.

Galley

The open galley (with its own viewing window) is to starboard and features two large granite (beige/black tones). Features include:

Sapele-finished full-sized Subzero fridge with two freezer drawers below

Flush cooktop with 3 burners aft

GE Advantium Microwave/Convection oven

GE dishwasher

Stainless steel Franke sink with side-bowl

In-sinkerator garbage disposal

Grohe faucets

Abundant storage cabinets including overhead cabinets forward

Stacked full-size washer/dryer (lower foyer)

Nutone central vacuum system

Electronics and Entertainment Systems

Raymarine E120 plotter/radar (48nm) (PH/FB)

Simrad autopilot (PH/FB)

Raymarine tri-data (PH/FB)

Icom M502 DSC VHF (PH) with command microphone (FB) and hailer

CCTV system for engine room and stern cameras (interfaced to tv's and plotters)

Compass (PH/FB)

Epirb

Audio/Visual Systems:

KVH Tracvision satellite television with () receivers allowing different channels to be viewed

Electric hi/lo Salon 42" Plasma TV (salon) w/surround sound stereo/CD/DVD system

Built-in LCD TV (galley)

LCD TV's master, guest & vip staterooms

Clarion stereo system (FB)

Stereo system (PH)

Electrical Equipment

All wiring is color coded with multi-strand copper wiring to ABYC standards with access panels throughout the boat.

220/100 VAC/ 24 VDC distribution panel (easily accessed via plexiglas doors and hinged to allow for access behind) located in the stairway to staterooms. Blue Seas digital voltage/amp meters.

Northern Lights 20KW genset with sound enclosure (ER) (new water pump 11.16)

Trace 4000 watt inverter/charger (ER) with remote panel and bypass switch (PH)

Caterpillar electronic engine displays (PH/FB)

Batteries in battery boxes (engine starting, house, electronics and genset) - Group 31 AGM - Replaced 11.16

(2) Battery chargers

Glendinning shorepower cablemaster (80' 50amp cord)

Shore power inlets (port and starboard sides) plus single 120 vac/30 amp inlet for emergency power

Interior halogen lighting

Reading lights (each berth)

Interior rope accent lighting

Exterior navigation lighting

Exterior courtesy lighting

Flybridge hardtop halogen lighting and twin halogen floodlights aft

Interior Vimar switches and outlets with brass toned covers

GFI outlets (exterior outlets, baths and galley)

Shore telephone/cable inlet

Intercom

Sidepower bow thruster (3 stations)**Glendinning electronic engine controls**

Rudder angle indicator

Bilge alarm system

Ship's monitor

Smoke alarms

Electric air horn

Wema multi fluid gauge (fuel, water)

Holding tank gauge

Engine Room and Mechanical Systems

A large deck hatch in the cockpit accesses a lazarette with extra storage and the stand-up engine room; which is paneled in sound deadening perforated aluminum.

Caterpillar 3406E 800 hp engines mounted on heavy duty polished stainless steel beds. (1000 hour service completed in 2013)

Dual Racor fuel water separators with vacuum gauges (each engine), single Racor genset**Oil change system****Hynautic power steering system****Fire suppression system (ER) + handheld fire extinguishers****Wesmar stabilizers****Headhunter fresh water pump w/ accumulator tank**

Groco fresh water back-up pump

Water heater

SK watermaker (800 gpd)**Techma 'silence plus' heads**

Bilge pumps with high water alarms

Marine Air air conditioning (reverse cycle, direct expansion, 5 units - 79,000 btu's) - 2 water pumps

Hull and Deck

Jack Sarin, marine architect of Washington State designed the Symbol motor yachts produced starting in 2001. Noted for his extremely seaworthy designs with timeless aesthetic appeal, Mr. Sarin has designed hundreds of yachts found in many larger Pacific Northwest builders including Westport, Westship and Westbay yachts. Symbol Yachts in Taiwan collaborated with Sarin to offer this semi-production line from 54'-80' to experienced yachtsfolk who wished for larger yacht quality and customization, yet at an easily manageable size for a couple to operate.

The **hull is built of thick, solid fiberglass** with the **hull sides, decks and superstructure built of fiberglass laminated foam**. Shallow shaft pockets allow for less draft in shoal waters. These Symbol models are super-rugged and overbuilt!

Fuel tanks include two saddle tanks in the engine room and an additional tank in the lazarette. The engine room tanks are connected with a hose and valve (for fuel leveling and filling either side) along with sight tubes (valved).

All of the house windows are **frameless** and bedded into the house frame.

The **cockpit** features a **built-in settee** with solid **teak decking** and varnished **teak caprails**. Access to the shore and swim platform is provided through hinged doors both port and starboard. A hidden **third station** for docking is found to starboard next to an easy set of stairs to the flybridge. **Wide walk-around decks with a high coaming** (appreciated for line handling and pets) access both sides of the boat with a **'wing' overhang**. **Full sized, stainless framed windows and sliding doors** frame the entire aft bulkhead into the salon.

Note especially the high quality of the polished stainless steel grabrails, cleats, portlights and other deck hardware!

The flybridge features a desirable, lightweight **custom hardtop** with built in lighting, twin Pompanette helm chairs and twin curved, built-in seating aft with sunbrella covered seating and cocktail tables on stainless posts with a nifty sunpad (sunbrella covered) forward of the helm. Aft of the seating is a wet bar to port with a sink. Also featured is a stainless framed windscreen and stainless railings aft with a sliding hatch to the cockpit stairs (mesh this in for pet and small children safety!).

Below, there is access to **watertight compartments** forward of the engine room with additional storage space in the foyer area and under the VIP flooring. Note ingenious **water drainage tubes** extend both port and starboard inside for various sumps, drains and a/c water to drain out the stern which eliminates side drains found

on most boats)

The foredeck offers easy windlass operation via footpads (or remote by either helm) on a built-in anchor pulpit and deck hatches port and starboard provide storage for fenders and lines (along with easy anchor chain access). A raw and fresh water spigot is found in the starboard compartment.

TNT hydraulic platform (carries tender - and also ideal for swimming, lounging and pets!)

Transom shower

Shore water inlet and washdown (quick connect fittings)

Transom cleats for towing with s/s roller guides

Trim tabs

4-bladed Nibral propellers

Shaft rope cutters

Stainless steel opening portlights - each cabin and bath

Opening deck hatches (pilothouse and VIP stateroom)

60lb Stainless anchor with high tensile chain (200')

Muir electric windlass

Canvas covers for exterior seating

Mesh windshield cover
