DETAILED INFORMATION

Manufacturer Provided Description

The Tiara 3900 Convertible is a rededication to the fly bridge sport fishing boat designed and manufactured for performance and function, all the while wrapped in a package with the comfort and style traits you expect from Tiara Yachts. A unique hull design features a sheer that is low at the transom for reaching down to manage fish along side. No portlights, no style lines and a flare that will scare the water and send it running back to where it came from. Rough seas are no problem, but then again they never are in a Tiara Yacht. Clean, simple, functional, and fishy. The cockpit abounds with serious fishing features and includes an optional transom baitwell, in-floor storage boxes, room for a fighting chair, standard and integrated bait prep center with optional freezer, tackle drawers and trays, and engine room access. Clean, simple, functional, and fishy.

Exclusions

Owner's personal belongings.
