Manufacturer: Volvo

Model: IPS 950

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

WALKTHROUGH and FEATURES

The 50 Tiara Coupe burst on the scene in 2014 and was an instant hit in the express cruiser market. Her innovative design was a departure from the traditional unchanged Tiara models of the past. Striking lines, contemporary interior, social galley aft layout, great performance and fuel efficiency are just some of the attributes of the 50 Coupe.

“Y KNOT” is an original owner, custom ordered 50 Tiara Coupe. She was built by an experienced owner to be the perfect couples and family cruiser. The cockpit is very social with dinette seating around a folding high gloss teak table. There is an electric sun shade that come out of the hard top to offer shade in this area. She has a hydraulic swim platform, tender and grill on the stern. Tinted glass sliding doors that open up to the interior are able to be pinned open which helps to create an incredible social arrangement. Her galley is aft which makes complete sense for serving and entertaining. This galley has everything a shipboard gourmet could require. The raised salon area has a dinette to port and pop up flat screen TV and cabinets to starboard. The helm station is on the starboard side forward and offers a full array of state of the art navigation electronics. There is also an electric sunroof over the salon area that opens her up to the beautiful weather. Her optional 2 stateroom 2 head layout below with a full laundry room was the desired configuration. The laundry room has storage cabinets, a countertop and a stacked full size washer and dryer. This layout is in lieu of a small bunk bed room and a combo washer dryer unit taking up space in the master stateroom. The fwd VIP stateroom berths can be separated into single berths or slid together to create a large Island berth. The FULL BEAM master stateroom aft is spacious and offers an athwarthships island king berth, sofa, large hullside windows, TV with SAT, and a private head.
