DETAILED INFORMATION

Manufacturer Provided Description

The Barracuda 9 Fly combines innovation design, speed, performance and safety all at one. This sport fisher enjoys perfectly controlled power and her interior is designed for cruising. This makes her a particular attractive choice.

Exterior

The Barracuda 9 Fly's hull is aggressive yet safe and she is perfectly balanced.

Equipped with Air Step© technology, she is very comfortable to drive and her chined hull gives her great grip. Topped with a stylish straight wind-shielded wheelhouse, her deck has a walk around layout. This boat is designed for fishing and has spacious functional 'work areas' outside (cockpit and foredeck).

Interior

Ideal for easy movement on board, access to the wheelhouse is by two side sliding doors. Inside, the Barracuda 9 Fly reveals a really comfortable atmosphere. With a dashboard ready to receive full electronic equipment, a large forward cabin, and a shower and toilet space, it is ready to set off on any trip. Every hollow space is used as a storage locker and for stowing equipment. The two pilot and co-pilot bolster seats rotate to face the rear seat. This creates a meal area inside.

Fisher and Cruiser in One

With deck and cabin fittings adapted to all climates, the Barracuda 9 Fly has a wide range of uses. Most definitely a fishing boat brim-full of character, she is also pleasant for short trips or coastal cruising. You feel safe on board in all circumstances thanks to an extremely seaworthy hull.
