SPECIFICATIONS

Overview

"Magic Moment" is a wonderful opportunity for anyone looking for a later model trawler, well under \$200k, that has the reliability and maneuverability of twin Cummins diesels as well as a wonderful two stateroom/galley up Europa style layout and design. Add in the optional bow thruster and docking in tight quarters or going through locks is a breeze eliminating one of the "not so fun" parts of cruising!

"Magic Moment" also benefits from fiberglass rather than teak decks and her fuel tanks are made of fiberglass not steel which creates problems for so many other trawlers in this class. The engine room is well laid out and surprisingly roomy still offering good outboard engine access even with the twin engine design. Inside the cabin is finished in rich teak woodwork throughout and craftsmanship is apparent in all the fine details. The Europa design affords a nice covered aft deck as well as walk around side decks but still allows for plenty of light in the interior. Two good size staterooms and a head with stall shower make this the complete package.

"Magic Moment" will make a great boat for cruising the Great Loop, island hopping in the Bahamas or just running up and down the Chesapeake Bay! She is conveniently located in Baltimore's Inner Harbor and is easy to view, just minutes off I-95 and only 20-25 minutes away from Baltimore Washington International (BWI) airport. Call Chuck Meyers today to set up an appointment!

Basic Information

Category: Trawler

Model Year: 2003

Year Built: 2003

Country: United States

Dimensions

LOA: 38' 4" (11.68m)

Beam: 13' 1" (3.99m)

Max Draft: 4' 0" (1.22m)

Displacement: 23500 Pounds

Water Capacity: 200 Gallons

Fuel Capacity: 300 Gallons

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Cummins

Model: 6BTA5.9M

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Accommodations

"Magic Moment" is easy to board through through the transom door via the swim platform from a floating pier or the side openings in the rail from a taller fixed pier.

Both aft deck and side decks benefit from the cover of the flybridge overhang and accessibility from bow to stern is safe via side decks with tall side rails. The salon can be accessed from the large sliding door from the aft deck or from the side door at the lower helm. The salon features a L-settee with teak table with leaves on the port side along with a storage cabinet aft with the salon TV mounted on top. To port is an additional settee along with a refrigeration cabinet forward. The galley is across from this cabinet and features abundant storage, double sink and oven and stove top. To starboard is the lower helm with a sliding door to the side deck. Down and forward are the staterooms and head with the guest being to port. This stateroom features an oversized bunk arrangement, small desk/vanity and its own hanging locker. Forward is the master stateroom with a large centerline double berth, under berth drawer storage, hanging locker and desk/vanity. The head is large and features a separate walk in stall shower. The entire interior is done in rich teak woodwork and the cabin sole is done in teak and holly.

- Fine Teak Wood Throughout
- Updated Interior Upholstery
- Master Stateroom Forward
- Guest Stateroom with Oversized bunks
- Head with Stall Shower
- 50 Gallon Holding Tank
- Jabsco Mascerator
- Hot Water Tank
- Pressurized Hot and Cold Water System
