- Fire System: Sea Fire H System fm200
- Electronics- Garmin black box gps/chart plotter, Nobeltec gps/chart plotter. Furuno rader, Vmag Wifi, Furuno Depth Sounder
- Sirius XM Radio
- SatTV-Direct TV

## Vessel Walkthrough

---

Entering through the aft electric sliding doors, the salon is spacious, thoughtfully laid out and benefits from large panoramic windows to filter natural sunlight. To starboard is a fully equipped marble topped bar with refrigerator, icemaker and wine chiller, to port are built in cabinets that provide plenty of storage. The finish is in finely grained hi-gloss maple accented perfectly by fluted columns, crown moldings and a central light feature. The maple finish is perfectly complimented by light soft goods, furnishings and window treatments. On the forward bulkhead, a flat screen TV with home theatre surround sound is surrounded by maple cabinetry and grooved columns.

Forward of the salon to port is the day head finished in marble and the doghouse which provides exceptional stowage for long trips. The dining salon is separated from both the galley and the main salon, and provides comfortable seating for eight in a formal setting around a contemporary glass dining table. For additional privacy there are

sliding pocket doors forward of the salon and aft of the galley. There is ample storage in maple cabinetry for fine china and crystal service. The galley forward is well equipped for the crew to provide formal table service and also has an informal dining area for one twin stateroom and one double stateroom for the captain, both crew staterooms have ensuite heads and showers, both are finished in similar fashion to the rest of the yacht.

### **Owner & Guest Accommodations**

Access to the staterooms is from the main foyer forward of the salon to starboard down a semi-circular staircase. The master is a full beam stateroom aft with a king sized bed, vanity, walk in closet, flat screen T.V with surround sound, a pantry with refrigerator and bottle storage for an after dinner drink. The master bath is beautifully finished in Italian marble and cherry trim and features his and hers sinks and Jacuzzi bath with gold Italian fixtures. Midship are two guest staterooms port and starboard featuring twin berths and each with its own ensuite head and shower finished in similar fashion to the master. Forward is the VIP suite which is also full beam with generous use of maple trim and cabinetry, the head is also finished in similar fashion to the master with Italian marble and fixtures.

### **Bridge Deck**

Access to the wheel house is to starboard forward of the main salon, up to date electronics and ships monitoring systems with comprehensive backup systems are to be found at the helm console and there is also a leather sofa, helm chair and a sliding glass door to the sundeck. The sundeck is expansive with considerable seating, an alfresco dining area and a full wet bar with refrigerator, icemaker and grill for outdoor entertaining. The forward end of the Flybridge is covered by a Bimini top, also has a complete Flybridge helm position. Crew access throughout Kristina is discreet with access to the galley from the side companionway doors and access to the sundeck from either the pilothouse or aft deck.

### **Engine Room**

The Euro style transom gives access to the swim platform and houses a hydraulic passarelle. The engine room can be accessed through either the stern garage door or a companionway on the starboard side deck. The garage houses a tender and davit to leave the Flybridge clear of water toys and is also large enough to contain an engineer's work bench and tool cabinets. The engine room is forward of the garage, well laid out, spacious and provides plenty of room and access for maintenance.
