## Vessel Walkthrough

---

### Vessel Walk-through

Boarding vessel at the stern there is a new custom swim platform with a fold out stainless swim ladder. There is a stainless hand rail across the mid level of the transom, and a varnished flagstaff at the top. Stepping up the ladder with teak treads onto the aft deck, there is a beautiful brown wicker upholstered bench seat with throw pillows, wicker coffee table on an area rug, and wicker deck chairs. A great place to relax with a cocktail as the sun sets. The cockpit deck is painted in grey Awlgrip, and teak varnished hand rails with white weather cloths beneath surround the cockpit area. Boarding gates are located port and stbd. A ladder leading to the fly bridge is located on the port aft deck. The forward section of the cockpit is surrounded by a 3 sided glass windshield, and contains the lower helm station with wheel, helmsman's chair, controls and gauges, and navigational electronics. The overhead is done in vinyl with varnished teak strips.

Moving up the teak tread ladder through an opening hatch to the flybridge, there is an upper helm station with two pedestal mounted helm chairs. Stainless railings are mounted port and stbd. The dash board includes wheel, controls, navigational electronics, a plexiglass windscreen, and storage beneath. Aft of the helm is an upholstered bench seat for guests, with a radar mast behind, and a bimini top above. Life rings and VHF antenna are located on the outside of the flybridge bulwarks.

Moving fwd. to the foredeck, the decks are white nonskid with a red stripe along the cabin trunk. Stantions with double life lines are located both sides, turning into a solid stainless pulpit. Air intakes, fuel and water inlets, mid ship cleats, and shore power hookups are

located along the toe rails. Large sliding glass windows are located in the cabintop, and a bench seat area is located at the forward end. The fore deck has chocks for 2 deck mounted anchors, and a windlass with roller system over the bow. An opening hatch is located over the guest cabin area, and a cross styled mast for lights and flags is mounted on the white Awlgrip coach roof. A large searchlight is mounted on the brow above. The hull is painted in new grey Awlgrip with a red boot stripe.

Moving below into the exquisite main salon, the interior has been completely restored with solid bamboo hardwood soles, new wooden blinds, new laminate wallboard and headliner, new recessed lighting, antique furniture, new African mahogany cabinetry and trim, and new upholstery throughout all cabins. There is a new futon sofa to stbd., storage cabinets to port. new directors chairs, antique desk, book shelf, and coffee table, and large windows port and stbd. The salon is open to the forward galley area.

Stepping down 2 steps into the galley to port is a fully appointed galley with appliances,

new vinyl flooring, large windows with new curtains, and a huge newly upholstered dinette opposite. A beautiful half model of a twelve meter racing sloop hangs on the wall, with a custom wineglass cabinet above. Access to a day head which is shared by the forward guest cabin is forward to stbd.

Moving forward again is the guest cabin with newly upholstered upper single berth and double lower to port. An ensuite head is to stbd. and a huge separate stall shower is all the way forward with an opening hatch above. This cabin also has a new bamboo sole.
