SPECIFICATIONS

Overview

Filippetti S55 is an aggressive performance yacht with Italian elegance and craftsmanship. Designed by Davide Cipriani and built by Fausto Filippetti, the S55 combines over 30 years of performance yacht building experience with cutting edge design. The main deck connects the interior living space and aft deck with a glass door retracting into the floor. Below deck provides 3 spacious cabins with galley or optional 2 cabin lay out with lower salon area. The master cabin is full beam and spacious with ample storage. All S55 bound for USA is purpose built with full USA specification including, electrical, air conditioning, systems and engines. Two engine packages, Volvo IPS or MAN engines with Arneson surface drive. The Arneson package will satisfy the experienced performance buyer and the IPS package is for the buyer who prefers the convenience of joy stick docking.

DETAILED INFORMATION

Main Deck

S55 Main deck is utilized as one space connecting the aft deck to the interior space via a glass door retracting into the deck. The aft deck is a convertible space with a seating and dining area fwd and sunpad aft. A wide stairway leading to the large swim platform provides a nice beach club area with a generous swim ladder and shower. LED, RGB lighting around the main deck linked to the underwater lights provides soft mood lighting. The exterior main deck is equipped with ample cup holders, ice boxes and storage expected in the market. The interior main deck is a climate controlled area thanks to the retractable glass aft deck door. This main deck includes a smaller galley area for entertaining and a large u shaped seating and dinette area. The helm station to starboard includes all the instruments needed to control all systems from the dash board. All lighting and music is integrated into an easy user friendly system. The retractable sunroof combined with the aft deck door quickly transforms the space into an open express cruiser.

Accommodations

Accommodation Area: Lower deck accommodations include three cabins sleeping six guests. All cabins on lower deck have personalized climate control and TV / entertainment systems. All lighting is LED soft lighting throughout. Flooring is carpet in all cabins and wood in galley area. Wood flooring through out can be optional. **Master Cabin:** The master cabin aft is a full beam master with optional seating area or additional draws and storage. Storage under the main bed and two hanging lockers port and starboard provides ample storage. A large ensuite has large glass enclosed shower and wash basins with full size head. **Galley:** Area includes cooktop, fridge/freezer sink and counter space for food preparation. Storage above the cooking area and under the floor. **Twin Cabin:** The twin cabin has storage under and above the beds. with panoramic window and center night stand. **VIP:** The large cabin has a full size bed with ample storage under and a hanging locker to starboard. This cabin has two large panoramic windows and an escape hatch to the forward deck area. The VIP has a large ensuite to port with glass enclosed shower and wash basin with full size head.

Engine room and propulsion package

Optional engine packages: 1. Volvo Penta 900hp with IPS. 2. MAN 1200hp with Arneson drive system. **Engine room accessories:** Engine room includes all systems needed for a 55ft express.
