MANUFACTURER DESCRIPTION

The Sea Ray 540 Sundancer, with its raised helm area design, gives the same amount of privacy and cabin space expected on an aft-cabin model, yet with all the open cockpit room of an express cruiser. On deck, the cockpit of the 540 Sundancer has a stylish sport spoiler, custom slide - swivel flip-up helm seat and Euro-styled companion bench seat. The U-shaped seating area has an electrically actuated retractable sunpad and there's an optional recessed sunpad located upon the fore deck too. Even though the 540 Sundancer can be comfortably handled by two, you'll most likely want to share the wealth of standard features with family and friends, including a wet bar with fridge and icemaker, an aft cockpit sun shade, SAT TV and a Sony Radio/CD changer subwoofer, amplifier, four speakers, and cockpit remote control. Even with so much of the cockpit dedicated to passenger space, there's also abundant room for personal gear in the port and starboard side compartments and docking equipment stows away neatly in the aft deck. The large private cabin of the 540 Sundancer is just as well-appointed as the cockpit with granite-colored countertops, dimmable lighting, and handcrafted wood trim in clear maple finishes. Custom curtains, deep-pile stain-

resistant carpet with clear covers and concealed floor storage accentuate the modern decor. The mid-ship master stateroom has a queen-size bed with innerspring mattress and a gas-assisted hatch that reveals carpeted storage underneath. A full-size bed and additional storage space make the guest stateroom perfect company. Both the master and guest head areas offer a VacuFlush head, power vents, striking cultured marble flooring, and Corian countertops with Grohe designer faucets. In the salon, a curved Ultraleather HP sofa cleverly hides an electric slide-out bed. There's even a concealed privacy curtain that pulls out when needed. The hidden, but complete galley has a three-burner cooktop, refrigerator - freezer with icemaker microwave - convection oven and a convenience package featuring a Spacemaker coffeemaker. In fact, all the comforts of home are present in the 540 Sundancer, right down to the standard washer - dryer combination and salon entertainment center. From a technical standpoint, this boat is a masterpiece with responsive twin Caterpillar 3196 inboards (T660-hp) and every control needed for unquestionably smooth cruising including a full Raymarine electronics package. The 540 Sundancer has a multiplexed digital LCC systems monitor for quick engine diagnostics and pump monitoring.
