SPECIFICATIONS

Overview

The F930 is a cross over yacht combining the performance of a fast express yacht with the comfort and stability of a flybridge motor yacht. The F93 has the largest fly bridge in her class with full bar, sun lounge, dinette and large area for 4 - 6 chaise lounges. A full helm station on the flybridge with large GPS monitors allow comfortable navigation from the fly bridge deck. Designed by Fulvio Di Simone and built by the Filippetti ship yard, the F93 is extremely competitive in the market with incredible performance and luxury. The buyer has the choice of exterior paint colors along with interior design selections including furniture and flooring wood type and colors. All F93 bound for USA will be built to full USA specification and include navigation and audio visual system designed and supplied from the USA.

DETAILED INFORMATION

Fly Bridge

The F93 has the largest fly bridge in her class. The flybridge deck includes a full bar with fridge, ice maker and double grill. The bar top has an optional TV on a lift incorporated into the top. A full helm station including large GPS screens and all ancillary instruments needed to operate the vessel from the fly is to the starboard side. The helm area was designed for the perfect driving position protected from the wind behind the stainless steel and glass windshield. A large sunpad to port side with storage underneath and a locker fwd for towels and other personal items. Aft of the sun lounge is a large dinette area with a folding teak table to seat 8 -10 people. A built in cabinet on the aft end of the dinette provides more storage for beverage and service items needed for the area. Aft of the bar and entertaining areas you will find a large deck space for sunning with 4 full size sun lounges. A fresh water deck shower allows guests to stay on the fly bridge without going down to the swim platform to cool off. A large sunshade covers the sun deck by way of four carbon fiber poles and manual sinching lines. The fly bridge has an optional davit that can be installed on the port side to lift toys onto the fly bridge deck if needed. The fly bridge LED lighting and sound system is controlled via hand held device from the central system.

Main Deck

Exterior Main deck: The aft main deck has a large dining area and sun lounge incorporated into the furniture. A stainless steel and glass dining table seats 8 comfortably with a service fridge and storage area to port side behind a tinted glass door. The aft deck has an optional TV incorporated into the furniture fwd of the aft deck. Wide stair ways lead aft down to the large swim platform and beach area with stainless steel gates with Filippetti logo. The swim platform is a very large area for sunning and the garage door opens to partially shade the area. sound system for the beach area is connected to the central A/V system. The starboard side has the stairway to the fly bridge with a tinted glass door. The side decks are generous in size leading to the forward deck. The fwd deck area has a large dinette area with folding teak table and hydraulic bimini top to shade the area. A fridge ice maker is located to port side and cabinet to starboard as storage to service the area. Fwd of the dinette is a large sunpad area with additional storage underneath and the anchor system. Large storage lockers to port and starboard for deck equipment keep the area neat and clean. The main deck LED lighting and sound system is controlled via hand held device from the central system. Interior main deck: The main deck salon is separated from the aft deck by a glass door that retracts into the deck and hidden by the cabinetry. A large main salon area has a large leather sofa to port and TV cabinets to starboard. A large bar area seating 6 has a fridge, sink, ice maker and wine cooler behind with LED lighting under counter. Fwd in the salon is the main helm area with pilot seats and a well

appointed dash board with large GPS screens and all ancillaries to operate the yacht. A selection of woods and finishes for flooring and cabinetry can be chosen from the ship yard pattern room. All LED lighting and A/V can be operated from a hand held device linked to the central system.

Accommodations

Forward in the main salon is a wide and easy stairway leading down to the lower accommodation area. A wide companion way leads to the three guest cabins and master cabin. All cabins have individual climate controls, LED lighting and A/V. Master: The master cabin is a full beam master with a king size bed. A walk in wardrobe fwd is separated from the cabin by the TV cabinet with tinted glass panels. Port side has a sofa and desk with optional TV over the desk. To starboard is furniture with draws and a vanity table fwd. Large window in the hull side allow natural light into the cabin. All windows have shades and black out blinds. The master head is to port with a large shower and double sink arrangement with a large window allowing light into the space. A fridge / ice maker is also in the master cabin with shoe storage cabinet and a hidden safe. Guest cabins: Port and starboard guest cabins are a twin berth to port and a queen bed to starboard. Both cabins have climate controlled ensuite with large glass shower enclosures and ample counter space with sink. Both cabins have the large hull side windows allowing natural light with shades and black out blinds. VIP: The VIP cabin is a true VIP. A queen bed with storage underneath and two large draws for storage. A desk / vanity table on the aft bulkhead in stainless steel and glass. The climate controlled ensuite has a large glass shower enclosure with ample counter space and sink. The VIP also the large hull side windows allowing natural light with shades and black out blinds. An escape hatch to the fwd deck with a folding ladder is above the bed.

Galley

Aft of the main deck salon area is a wide easy stairway to the galley / crew area. The galley is very well appointed with Miele equipment, convection oven, 4 burner cook top, micro wave, coffee machine. A large commercial fridge aft is sized correctly for the yacht. A full size sink and ample counter space makes the galley user friendly. The galley has a seating area for three with storage underneath and a table. The galley area has a large window for natural light with a venetian style blind. Aft of the galley is a full size washer / dryer and laundry area. A day head is located in the hall way opposite the laundry area. The galley / crew area has a TV and the optional touch screen for the crew to monitor the yachts systems.

Crew Lounge

The crew cabins are located to port side of galley. Two cabins with three births have storage under the beds plus hanging lockers. Both cabins have TV and A/V systems, the captains cabin has a VHF and Simrad wind weather station. Both cabins are climate controlled and have windows to allow natural light. The cabins have one ensuite separated from the galley area.
