Overview

Full Circle is a 2006 37' Campbell Duffy custom downeast style cruiser in very nice condition, partly due to an extensive refit in 2016. Her sellers invested heavily in their boat, but now their cruising plans have changed. She offers a single low-hour Cummins main engine, Onan low-hour generator, very accessible and clean engine room, bow and stern thrusters, Magnum inverter/charger, new Garmin electronics and a clean, uncluttered, custom interior. Visibility from the helm is very good. You can sense the quality Campbell construction as soon as you see Full Circle from the dock. With her 13'2" height and 4' draft, she would make a perfect Great Loop cruiser. This is a must-see boat for anyone looking for a high-quality and respected brand, well-maintained, substantially-updated downeast cruiser. If you are looking at a Sabre, Eastbay, Hinckley, Bruckmann or custom downeast style boat, don't miss this one.

PRICE REDUCED! Sellers are very motivated to receive any reasonable offer.
