Beam: 15' 4" (4.67m)

Max Draft: 3' 3" (0.99m)

Clearance: 17' 7" (5.36m)

Speed, Capacities and Weight

Max Speed: 28 Kts. (32 MPH)

Displacement: 36000 Pounds

Water Capacity: 140 Gallons

Holding Tank: 100 Gallons

Fuel Capacity: 500 Gallons

Accommodations

Total Cabins: 3

Total Heads: 2

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Manufacturer: Volvo

Model: TAMD75P EDC

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Accommodations

The Cruisers 455 is the finest example of a three stateroom aft cabin Motor Yacht you will find. While most Aft Cabin designs offer very comfortable accommodations inside, they are bulky and "anything but sleek" when it comes to exterior styling. That is not the case with the Cruisers 455! She is sleek, fast and offers an entertaining bridge layout comparable to an express cruiser. By putting the aft deck and helm station deck only one step apart, everyone is together when cruising. This also allows for a large single hardtop and traditional sloped windshield, making the exterior lines of this vessel very sleek and attractive.

Galley, Salon and Staterooms

The salon and Galley are all on a single level and span the full 15'4" of the vessel making it very open and roomy. The Galley is a "walk-in U" design, keeping you well out of any traffic flow. Microwave, full size refrigerator supporting 120VAC or 12VDC power, lots of storage and even a double sink!

Forward and to Starboard you will find a large dedicated dinette capable of seating six. This dinette converts to a double bed with cushion for a 4th stateroom. Forward and to port you will find a wrap-around sofa with two built in recliners for enjoying these movies.

Moving forward and down three steps takes you to the forward two staterooms (VIP staterooms and side by side bunk room). The forward VIP is absolutely beautiful and comparable to most Master Staterooms in comparable boats of this size. With a queen walk around berth, you will sleep well here. TV/DVD and a walk-in closet! The head with separate shower is just aft of the VIP and to Port and is shared by the VIP and twin staterooms. Aft of the VIP and to Starboard is the twin side by side berth with a filler to make it a single queen sized berth. Functional for 'non-claustrophobic" adults this stateroom is ideal for children. There is stand-up room at the entrance for changing and the berth is a "crawl-in", but very large. This stateroom also houses the combo washer/dryer unit behind a cherry door.

Aft of the salon and down 4 stairs is one of the best Master Staterooms you will find on a vessel of this size! The standup walk-around queen sized berth is angled and is surrounded by beautiful Cherry cabinets with tons of storage. Aft of the bed, you will find vanity with stool and fold-up mirror for getting ready for that evening out. Forward of the bed is the TV/DVD. Best of all is the Master head with Bath Tub with Jacuzzi jets. Absolutely beautiful and the Bath tub opens direct to the stateroom via frosted glass french doors with arched top. So Nice to have a large, shower and 22 gallons of hot

water available for a "real" shower.

Featured Mechanical, Electrical, and Engine Room

Wiring is labeled every 24 inches, overboard discharges dump into a single discharge for fewer through hull ports and everything is beautifully labeled for easy troubleshooting when needed.

- Twin Volvo Diesel TAM75P EDC, 480HP with electronic controls with 1095 hours
- 1000 hour engine service completed by Coastal Marine
- Annual main engine service and generator service completed by Coastal Marine on November 2013
