# DETAILED INFORMATION

---

## Vessel Walkthrough

---

**Island Girl** is a 2017 Hatteras 60 Motor Yacht that was custom built for its current owner. This vessel offers three staterooms and two heads with the master being full beam at mid-ship. Powered by the upgraded (1150hp) Caterpillar C-18 engines, dual Seakeepers, and the Cat 360 "Joystick" docking system. The engines are covered by a 5 year Cat Platinum warranty along with the 360 CAT Joystick system.

**Island Girl** has the new exterior mid ship hull windows and a hydraulic lift for the transom. This aft area is complimented by underwater lights. The aft deck is a very spacious area that has teak flooring and the steps to the swim platform and to the bridge are also teak. The half moon table allows for two comfortable chairs to be positioned around the table, but still allow great access in this area. To the port side is a remote docking station. The engine room can be accessed from the aft deck by an electric hatch or through the bustle door off the swim platform. Just forward of the aft deck is a very spacious salon due to the 18'2" beam. This area offers wood flooring and very comfortable seating. The galley is just forward of the salon with an island sink and storage. The dinette table to port is a large rectangle table for six or more.

**Island Girl's** bridge is accessed by the comfortable stairwell from the aft deck. This area is air conditioned and the helm has been moved to the starboard. The bridge area is much larger in space and seating with the helm located to starboard. The electronics are state of the art. The bridge aft deck is very spacious with a refrigerator ice maker unit and an electric grill. The bridge lighting is tri-colored.

**Island Girl** is available to see in Sarasota, FL, which is 45 minutes south from the Tampa International Airport. To view the slideshow of this vessel type [http:// then paste caryjohn.zenfolio.com/p237200608/slideshow](http://thenpaste.caryjohn.zenfolio.com/p237200608/slideshow)
