## Overview

---

This Offshore Pilothouse 62' is the perfect family cruiser and easy enough to handle for the cruising couple. William Crealock designed this yacht to be safe in all sea conditions and to always provide a soft stable ride. Her deep V, low center of gravity and displacement provide a soft entry. She has wide walk around covered side decks making access to her bow safe and easy. The Offshore 62' Pilothouse is well recognized by experienced mariners and has enjoyed the reputation of being a safe, high quality blue water cruising yacht that incorporates classic fine lines, top quality equipment, excellent craftsmanship, and retention of value. Interior spaces are designed to provide stylish, ample entertaining and comfort as well as providing plenty of storage for cruising or living aboard. The salon has a large U shaped settee and a custom high/low table that opens for dining parties. Side windows are large providing plenty of natural light and views. Interior decor is all top quality with many upgrades including custom wood inlays and top quality granite. Not only is the interior of this vessel beautiful it is also very comfortable. Top quality appliances and plenty of counter space make the galley of Stardust very functional and equipped to handle the cruising chef who enjoys preparing everything from a quick sandwich to gourmet meals. Visibility from the pilothouse is excellent with clear views thanks to her large forward and side windows and the electronics are laid out and accessible from the comfortable Stidd pilothouse chairs. Doors on both sides of the pilothouse make side deck or bow access safe and easy. A large L settee in the pilothouse with table is perfect for entertaining underway or for casual dining. The two forward staterooms and flybridge are accessible from the pilothouse. Access to the master stateroom is down the stairs at the forward starboard side of the salon and galley. The master stateroom and private head is beautiful and large with a king size island bed and ample storage. Designer fixtures and granite counter tops adorn the master head and the shower is large. Full size washer and dryer are at the landing of the stairs behind louvered doors. Guests will be very comfortable in the forward VIP stateroom with its island queen berth and storage in drawers and hanging lockers. To port of the large guest head is the guest bunk room with large berths and storage. Flybridge seating is massive with a large L settee to port and two helm chairs. The visibility from the entire flybridge is excellent and the boat deck and davit are easily accessible. Plenty of storage exists on the flybridge and the area is protected from the sun thanks to the large full beam rigid frame top. The owners have maintained Stardust beautifully and have always repaired or replaced equipment with the highest quality service and products. Stardust is a turnkey vessel and ready to cruise the Bahamas or wherever your blue water dreams take you.
