## Overview

---

This classic cutter has a really large aftdeck with good shelter behind the wheelhouse and protected from the sun by a sun-awning. The wheelhouse is classic van Lent and seats three guests. The saloon is a few steps down from the wheelhouse, is built in teak, and is very light because of the double-glazed windows and the sliding roof.

The two double guestcabins and dayhead are forward of the saloon, the galley, ownerscabin and bathroom with toilet and shower are aft.

The sidedecks are wide and the foredeck is spacious. The lazarette aft is huge and has plenty of space for extra gear like folding bicycles.

The hull and superstructure have been painted last year/this year and the varnish has been done as well.

The engineroom has been emptied and rebuilt with new electrical systems and wiring, everything checked and overhauled where needed.

This Feadship, built at the Royal van Lent shipyard is equipped with full electronics/navionics including GPS/AIS , plotter, radar, double autopilot etc.

The galley comes with a four-burner stove, oven, two fridges, and extractor fan.

Heating is provided through a brand-new Kabola heater.

Shorepower, new batteries 2013, Westerbeke generator. Chargers/inverter: Mastervolt.

Electric anchor winch, stainless steel anchor and stainless steel chain.
