## Overview

---

### “New Build Opportunity”

Built in the USA, this unique Trinity Motoryacht is well along in its construction having its hull and superstructure built and engines installed. Now as it is repositioned to a finishing yard the ability for owners to put their own mark upon its interior and final layout details represents a unique opportunity to take delivery of a superyacht in quick order. This is the last Trinity Motoryacht built in the USA and its Generation II status comes from the fact that a select group Designers and Naval Architects are banding together with its new finishing yard to make sure this vessel is the best Trinity ever and will include all the current features the market dictates and beyond.

Stateroom layouts in 5 and 6 cabins will be available and accommodations for up to 10 crew plus capt.

Vessel will be set up for charter and include a beach club, multiple tenders, extended refrigeration and freezer capacities, 4000 NM cruising range, zero speed stabilization, transom dive platform, hot tub,

multiple deck exterior entertainment areas, ABS & MCA compliance, twin 155KW gen sets, 50 ton HVAC, and much more.

Delivery expected 18 to 20 months after owner contracting depending on interior fit out.
