Overview

The Ferretti Custom Line 94' is a serious blue water boat built to RINA Standards and CE Category A for yachtsmen who want to travel open ocean knowing they have a rock solid vessel beneath them. "Paradise" is well maintained by her professional Captain. She is a four cabin layout with an on deck master that will accommodate 10 guests and up to 4 crew. She is perfect for either private family use or charter. Her well appointed interior will satisfy your fanciest guests and her expansive flybridge with Jacuzzi and fold down "Teak Beach" transom will give you plenty of space for lounging and relaxation. A must see...

The Ferretti Custom Line 94' is a serious blue water boat built to RINA Standards and CE Category A for yachtsmen who want to travel the open ocean knowing they have a rock solid vessel beneath them. "Paradise" is well maintained by her professional Captain. She is a four cabin layout with an on deck master that will accommodate 10 guests and up to 4 crew. She is perfect for either private family use or charter. Her well appointed interior will satisfy your fanciest guests and her expansive flybridge with Jacuzzi and fold down "Teak Beach" transom will give you plenty of space for lounging and relaxation. A must see...

Vessel Walk Through

Boarding vessel from the stern, there is a teak decked swim platform with stainless handrails mounted on both sides and half round stainless rubrail for protection while boarding guests from the tender. A pull out stainless swim ladder is located under the platform for aquatic guests. A teak tread staircase is located to stbd. and there are molded stairs to port for access to the cockpit. The shore power cable, fresh water deck shower, and passerelle are also located to port. A tender and toy garage is located centrally with a hydraulic fold down transom door that serves as a teak beach over the water when down. The garage will house an inflatable jet tender and a wave runner beneath on cradles. Two opening storage lockers are located above the transom. Moving up to the cockpit, there is an arched upholstered bench seat centrally located along the transom with an oval teak dining table with storage beneath and three teak deck chairs. Molded deck boxes with fold down lids are located port and stbd which house large stern cleats, hause pipes, and electric warping winches with foot controls for ease of stern docking. An electric drop down TV is located in the overhead, and there are boarding doors on both sides. An aft deck docking station is located in a cabinet to port, and a shower room forward of that. Opposite to stbd is a door leading down to the control room. Moving forward to the bow the side decks are laid in teak. The forward lower triangle on foredeck is simulated teak. The bulwarks are tall for safe transiting and courtesy lighting is located in the overhead. Stainless stations and railings run around the entire boat with stainless fore and aft spring cleats. Large glass windows with mesh covers line the cabin house and electric doors are located on both sides. There are 3 steps going up to the fwd. bow area. At the bow there is a teak platform with a stainless flagstaff and ships bell in the point of the bow. Double Lofrans windlasses are located with anchor chutes through the deck. A central opening chain locker houses the anchor chains and fresh and saltwater wash down spickets. There are four large stainless cleats and four hawse pipes for docking. There is a large upholstered sunpad on the cabin top with a hydraulic opening garage containing a davit, and there are stereo speakers for entertainment while sunning. Molded stairs are

located in the cabin top along with molded nonskid for accessing this area for wash down. Three stainless framed windows line the face of the raised pilot house along with stainless windshield wipers. Moving up to the flybridge, aft is a wave runner on a cradle with a Besenzoni davit outboard to port. An aft raked radar arch is above with radar, antennas, and domes on top. To stbd are two 8 man life rafts. Forward of the davit is a Jacuzzi tub surrounded by upholstered seating. Forward again is the U shaped dinette with hi-lo table, and opposite is a wet bar and grill area with frig and ice maker. Stereo speakers surround the upper deck and there is a large bimini top with optional extension above for shade. The helm station with bench seating is located to port and companion bench seating is opposite to stbd. Decks are white nonskid and there is a central stainless framed glass sliding door giving access to the pilot house. Moving down into the main salon there is an L shaped leather settee with a 2 tier round glass top table to port and a stand up wet bar to stbd. Carpet is off white and cabinetry is high gloss cherry. Large tinted windows with electric blinds surround the salon offering lots of natural light. Forward to port is a formal dining table with seating for 8, and opposite is the entertainment center and TV in a pop up cabinet. There is a door forward to port giving access to the galley and to stbd is the foyer with marble floors. Stairs to the pilot house are to port and a day head to stbd. Forward of the stairs to port is additional access to the fully equipped galley with port side deck access, and stairs going down to crew. The crews quarters offers a double berth captains cabin and an over under cabin for crew both with ensuite heads. A settee with table, tv, stereo, microwave, sink and frig is available, as well as a washer and two dryers. Forward of the galley is the beautiful on deck master stateroom with a centrally located king bed, large windows, cherry cabinetry, vanity, walk in closet, and ensuite head. Opposite the galley is a door giving access to the stbd deck. Moving down the stairs to the guest area, there is a central foyer with marble floors. The forward bulkhead has a large framed mirror with a linen storage cabinet and a decorative vase on top. The beautiful full beam VIP cabin is located aft with a centerline king bed, and could be considered a second master! The bulkheads and cabinets are high gloss cherry and there is decorative carpet on the sole. Hull side windows and opening portholes are located on both sides. An easy chair and ottoman are to stbd and a vanity is located to port with a pull out ottoman. A flat screen TV and entertainment center is located on the fwd bulkhead with remote controls available. A large walkin closet is located to port with an opening porthole and several drawers for clothing as well as hanging bars. An ensuite head and shower adorned in marble is located to stbd. Moving to the forward end of the foyer there are nicely decorated mirror image guest cabins to port and stbd each with twin berths, ensuite heads, and fold down Pullman berths.
