Fly Bridge

The owner in February 2019 refinished and redesigned the Flybridge area. He removed all the permanent seating and replaced it with high end Italian outdoor furnishings creating a very elegant and modern layout that can be transformed according to the occasion.

Flybridge has a double access point, one via a private staircase. There is a sliding door that closes the access to the Flybridge from the Aft Deck and which is used also when at anchor to reduce the wind coming from the bow. The other access is via the Pilot-station. Coming up the stairs of the pilot-station to the Fly-bridge and at the stbd side you have the complete helm-station, with Engine controls, Tilt and Wheel Steering, 2 VHF , 1 Garmin Radar/Plotter, Bowthruster Control, Trim Tabs controls, Magnetic Compass, Depth Sounder and engine monitoring gauges and alarms.

At the port side wing is side control station, with tilt steering and bow-thruster. Engine Start /Stops buttons and engine alarm monitoring lights.

The Besenzoni Davit is servicing the Tender and Jet Ski area . Removable Custom Stainless steel rails are surrounding the Tender Area.
