## Overview

---

Galeon 500 FLY revolutionized the middle segment of luxury yachts by introducing solutions previously seen only on high-end, custom designed units. The transformable bow, rotating cockpit area and, most notably, the drop down sides were the highlights noticed by customers and industry professionals alike. Named the European Powerboat of the Year 2016 and recipient of IBI's Boat Builders Award for 2015, Galeon 500 FLY proved once and for all it belongs in the upper echelon of luxury crafts worldwide.

Now, the highly anticipated 460 FLY brings back all the ground breaking innovations of its bigger brother in a more compact frame. This daring, new design clearly shows the bold path Galeon has taken to propel its yachts into the future. Once again fitted with an automatic bow settee area that swiftly morphs into a sundeck, cockpit roto-seat, and everyone's favourite feature - the beach mode, the 460 FLY will make the most of the space available on board.
