## Overview

---

This 36 CABO Express is powered by twin CAT C-7A's couple with the ZF Pod drives. It is extremely economical and features Joystick steering. With only 439 original hours, "Reel Em' Inn" is a very attractive offering on today's market.

The interior is the trademarked CABO teak wood with a teak and holly sole. The integral salon/galley is spacious for a boat of this size and the forward cabin area has the angled berths for overnight capabilities. The boat is loaded with Raymarine Hybrid Touch electronics at the air conditioned helm deck and features a Marlin Tower with a full compliment of electronics as well.

"Reel Em' Inn" is equipped to fish and features Pipewelders Marine outriggers, tackle center, rocket launcher, transom live well, transom freezer, and in deck fish lockers.

The boat is easy to see in Marco Island and is ready for you inspection. The owner's change in plans make this new to the market opportunity a must see for the angler looking for a high quality Express fisherman at an aggressive price.

# DETAILED INFORMATION

---

## Manufacturer Provided Description

---

A true sportfishing machine, our 36 Express represents the same excellent design, engineering and construction that anglers have come to expect from CABO. The hull is remarkably balanced to provide a dry, smooth and fast ride. Proper balance allows the 36 Express to ride high in waves, kick up less spray and move forward effortlessly. The interior lives up to CABO's standards in quality, featuring solid-surface countertops, stainless hardware, fine cabinetry, ample rod storage, and superior fabrics and materials - everything the discerning sportsman expects from a boat bearing the CABO name.

**Performance** Vessel speed and efficiency are critical attributes to ensure that you get to the fishing grounds faster, and allow you to stay longer. With an engine package specifically designed to maximize performance, the 36 Express delivers a range and top speed that is sure to please. Her ability to back down swiftly and pivot nimbly can make the difference between boating a trophy fish or reeling in a broken line. The 36 Express can be equipped with standard propulsion or Pod drives, which offer more maneuverability.

**Fishability** Ample fighting space provides enough room to handle multiple hookups - a significant benefit that is often excluded in smaller boats. The bait prep center has a sink, rigging board, deep tackle drawers and an icebox for cockpit convenience. Since you can never have too many rods, the 36 Express also comes with locking storage to accommodate all of your favorites.

**Design & Construction** As a Michael Peters design, careful thought and consideration has been given to creating an incredibly strong, high-performance hull. CABO uses high-tech laminating processes to assure tremendous hull and topside deck strength. The boat's highly sophisticated reinforced fiberglass interior module adds even greater resistance to torsion and flexure. Using a method far superior to conventional techniques, CABO bonds the hull and interior into one monolithic structure, ensuring the vessel is truly seaworthy in calm seas or high squalls.

**Accommodations** The 36 Express is a no-nonsense sportfishing boat - but that doesn't mean that she can't have well-equipped accommodations. In the 36 Express, you will find an efficient galley that runs portside of the living space, and features a recessed two-burner cook-top, microwave/ convection oven, and under-counter cold storage. Teak cabinets are plentiful, and have recessed halogen lighting installed underneath. The double V-berth lies in the forward section of the cabin, and the L-shaped lounge converts to accommodations for two more. Storage compartments and lockers are found throughout. To complete the layout, the full head with a separate shower stall lies aft of the main living space.

---

## Vessel Description

---

### Standards:

- Molded Fiberglass hull construction using premium vinylester resins and biaxial stitched fabric reinforcement; solid Fiberglass bottom construction; core construction from chine to sheer; ISO/NPG gelcoat finish
- Interior wood, teak, satin finish
- Bait prep center – sink, rigging board and tackle storage fitted with custom lid, gas spring actuator, full-length
- stainless steel piano hinge and custom latch
- Engine instrument panel, custom, audible warning system
- Bait tank, 46-gallon, molded into transom, Rudders, bronze, high-strength
- Molded fiberglass helm deck, hydraulically lifted with cockpit control unit load meter, reverse polarity light
- Freshwater hose bib, quick-disconnect
- Propellers, 4-blade nibral
- 5-kW freshwater-cooled diesel generator with seawater strainer, remote start and gauge panel, water muffler, safety shutdown system, sound enclosure
- Premium solid surface countertop with custom sea rails

### Salon/Berth:

- Over/Under angled berths
- Teak wood interior
- Teak and holly solid wood flooring
- Removable interior carpeting
- Co2 detector
- LG flat panel TV
- Sony DVD/Stereo
- Sony speakers
- Sunshade with screen and blind
- Locker storage
- Hanging locker, cedar lined
- Trash receptacle
- Salon settee in neutral ultra leather
- Salon gloss teak table with cover
- Wet head/shower compartment
- Vacuflush head system with holding tank and OB discharge

### Galley:

- Tappon microwave oven
- Nova Kool refrigerator
- Nova Kool freezer

- Solid surface counter tops
- Teak wood cabinets
- Dish storage
- Drawer storage
- Delta faucet
- Stainless steel sink bowl

#### Electronics:

- (2) 15" Raymarine Hybrid Touch multifunction displays
- Garmin Autopilot
- Icom M504 VHF radio
- Ritchie compass
- Caterpillar engine displays
- ZF smart command
- ZF electronics controls
- ZF Joystick steering
- Clarion am/fm/stereo
- CABO Yachts gauge panel
- Duplicate Tower electronics

#### Electrical:

- Interior electrical panel in salon
- Fischer Panda generator with hours
- (2) 30 amp shore power hook ups
- Battery charger
- CATV/phone hook up
- Battery disconnects

#### Mechanical:

- Sea Fire fire suppression system
- Bilge blowers
- Bilge pumps
- Air Seps
- Racor fuel filters

#### Deck/Fishing equipment:

- Helm seat
- Forward facing companion seat
- Air conditioned helm
- Tackle center
- (4) sided enclosure
- Marlin tower with duplicate electronics and full controls

- Pipewelders outriggers
- Fresh and SW wash downs
- Transom livewell
- Cockpit freezer
- Prep center
- Port and starboard in deck fish boxes
- Cockpit combing
- Rod holders
- Raritan ice maker
- Rocket launcher with cover
- Transom door and gate
- Maxwell windlass with foot controls
- Bow pulpit
- Bow rails
- 

#### Performance Data with CAT C-7A 461HPM w/ ZF Pods

Sea trials represent the performance of an individual boat as measured with specific loads under specific conditions. The information is provided for reference only. There is no specific or implied guarantee that any other vessel will meet or exceed the performance shown above. Data is not intended for navigation.

RPM	Knots	Range	Fuel burn
2000	18.8	262nm	26 gph
2200	25.0	315nm	29 gph
2400	27.9	322nm	35 gph
2600	31.8	329nm	39 gph
2800	34.8	293nm	48 gph
