Overview

This beautiful Formula 34 is now for sale by the original owner who took delivery of this vessel in 2008. It has been extremely well cared for and very well maintained. The owner has all records of maintenance and repair since new. This vessel has 8.1 Mercruiser V-Drive Inboards and has been kept on a lift. It has never been bottom painted.

The blue hull sides shine and this vessel is loaded with options including generator and air conditioning. The owner is moving to a larger vessel and "Formula For Fun" is ready for a new home.

PRICE REDUCED - NOW ASKING \$99,000

Engine Type: Inboard

Fuel Type: Gas

DETAILED INFORMATION

Vessel Overview

This is an original owner 2005 Formula 34 PC that has been kept on a lift since new and never been bottom painted. It has the Mercruiser 8.1S HO engines at 420hp and they are inboard V-drives. New risers and manifolds were installed in April 2013. Put some bottom paint on "Formula For Fun" and you can keep this boat in the water full time with no problem instead of keeping it on a lift or high and dry storage.

The owner took delivery of this vessel as a new boat in 2008 and has continually maintained it in top condition. Owner has all maintenance and repair records. The blue hull sides shine since they are kept waxed. A full cockpit cover is always used and keeps the cockpit soft goods in excellent condition.

The large cockpit offers generous seating with a removable table, sink and electric refrigerator. The removable carpet is in excellent condition and the portside transom door offers easy access to and from the large integrated swim platform. There is ample shade provided by the sunbrella sunshade that extends both forward and aft of the overhead arch. There is also removable eisenglas to enclose the cockpit area for those cool or rainy days.

The helm is located in the forward starboard side of the cockpit and is well laid out with easy access to all gauges and electronics including GPS/Chartplotter, Radar and electric bow thruster. Molded steps lead to the center opening windshield for easy access to the bow for sunbathing on the forward cushions or anchor and line handling duties.

The entrance into the large air conditioned cabin is located to port of the helm station via a sliding door. Upon entering the cabin area the enclosed head with shower is located immediately to port. Just forward of the head on the port side is the large galley area with a large sink, two burner electric cooktop, microwave oven and an under the counter refrigerator. There is ample counter and storage space and a built in TV is located above the counter top so it can be viewed from the entire salon area.

The dinette/lounge area is located directly across from the galley on the starboard side and features a large seating area and a beautiful three piece removable table. There is plentiful cabinet storage along the starboard side and a built in stereo.

All the way forward is the master stateroom which has a large centerline bed. There are mirrored hanging lockers on port and starboard and there is a large overhead hatch. A privacy curtain allows separation and privacy from the main salon area when desired.

There is also a mid cabin which is located aft of the main salon area. It has a large couch area that converts to a bed and a built in TV. There are storage cabinets and a

privacy curtain as well.

This vessel features **Inboard V-Drive Mercruiser 8.1S HO** power. Unlike the sterndrive models the inboard allows this boat to be stored in the water on a full time basis. Of course it can still be kept on a lift or in high and dry storage if desired. Twin 30 amp shorepower provides electrical power to the vessel when dockside and the onboard Kohler generator provides electrical power when not tied to the dock.

The owner is looking to move to a larger vessel. Don't miss the opportunity to look at this extremely well maintained vessel.

PRICE REDUCED - NOW ASKING 99,000

Accommodations

The large cabin offers the following features:
