Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

YACHT DESCRIPTION AND DETAILS

Every detail within the Marquis 630 Sport Yacht demonstrates ultra premium execution quality. The craftsmanship & joinery are the finest you will find in a yacht, regardless of size. The materials selected to craft the interior and exterior features are supreme. The hull form has been designed specifically for the 630 Marquis. Sport yacht performance is provided by perfectly matched twin diesel engines coupled to joystick activated pod drives.

Entertaining is made simple with this forward-thinking design. featuring an integrated lower helm station, galley, salon, cockpit, and swim deck. Walk from area to area unimpeded by restrictive bulkhead doors, multiple steps or narrow hallways. The yacht's cockpit and swim deck bring you closer to the sea you love. The bridge is an elegant environment in which to command the vessel and witness gorgeous seascapes. The Marquis 630 delivers an unmatched level of quality, prestige, reliability and hospitality to its owners and those fortunate to be invited onboard.

Vessel Walkthrough As you board the vessel from the teak hydraulic swim platform, you have the option of entering the cockpit up the stairs on either side of the vessel or entering the captain's quarters through the transom watertight door. The stairwell to port is molded fiberglass and allows access up to the covered extended fly bridge. The bridge has a full helm station with dual Raymarine hybrid touch controls, Volvo IPS joystick at the helm and on a starboard wing station, BBQ grill, fridge, icemaker, and teak dining table with lounge seating. From the cockpit, you can enter the salon through sliding glass doors. The salon has white washed zebrano flooring with seating to port and starboard. The salon also boasts a 50" flat screen TV with Bose surround sound connected to satellite television. Forward of the salon is the lower helm station with an expansive array of electronics, Navionics, stereo controls and radio.

Additionally, there is a dinette area with wrap around couch to starboard. Heading forward to port, there is a cocktail bar with liquor cabinet. From there you will step down to a mid-level galley with every amenity you could ask for to entertain with. The next step down leads to the staterooms on board. Heading forward, you will find a spacious VIP master stateroom with an elevated queen berth and private head. At the bottom of the stairs is a day head that offers private access for a dual berth guest stateroom. Headed aft, you will pass the washer/dryer combo unit before entering the master stateroom. The midship, full beam master stateroom offers a queen size bed, private vanity and lounge area, large closet and numerous storage areas. The master head is located behind the master stateroom. The master head offers a full size walk in shower with rainfall shower head and teak accents as well as a large granite countertop with a raised wash basin sink. There is not a spot on this boat that hasn't been meticulously cared for and maintained. This is an opportunity to own a nearly brand new boat that has had every aspect put into optimal performing condition.
