SPECIFICATIONS

Overview

BW is hull number five of the popular 120' Palmer Johnsons. Designed by Nuvolari & Lenard. BW offers an exceptional sleek styling, both inside and out. Her exterior lines offer timeless styling and the compensation of the wood and marble inside offers a warm and modern feel. BW has been kept to the best of yacht standards her entire life. She is in Lloyds 100 A1 class as well as MCA compliant. Her present owner is an experienced and avid yachtsman who continued to improve what was already an exceptional vessel. BW has received fresh beautiful dark blue hull paint, bottom paint and maintenance as well as a variety of upgrades.

Engine Information

Engines: 2

Manufacturer: MTU

Model: 12V4000 DDEC M9

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Walkthrough

Boarding BW from the stern one enters onto the large teak swim platform which leads to a center staircase to the aft deck where one finds a large builtin sun pad with a garage beneath. The garage houses all the water toys. Continuing forward past the sun pad one enters the aft deck lounge with settee seating, table and chairs. Above the aft deck lounge area is a retractable awning for coverage over the area when needed. Continuing forward one finds a retractable set of stairs that lead to the sundeck where one finds ample seating, table and fridge. This is a perfect location to lounge while at anchor or underway. Just forward of the sundeck lounge area is a large sun pad area. Back down on the main deck aft one enters the interior of the boat through sliding doors on either side of the retractable stairs. When entering the boat aft one finds a spacious and open floor plan with dining aft and the main salon further forward with L-shaped settee table, chairs and entertainment area. Just forward of the main salon is a bar, perfect for coffee in the morning and drinks in the evening. Forward of the bar behind a glass partition is the pilothouse. The glass between the bar and pilothouse is charged to go opaque, allowing for privacy when needed or darkness when navigating at night. To starboard is a stairway down to the guest foyer. On the landing of the guest foyer, one can go forward to the master suite, aft to the two VIP guest staterooms or straight ahead to the seating/double bunk room. Back and around from the stairs is a large day toilet. Going forward into the master suite one passes through a large area with storage and hanging lockers. Further forward one enters the master stateroom finding a king berth, settee, vanity, additional storage, entertainment and his and her entrances to the bath with separate sinks and shared shower. Walking back through the guest foyer aft one finds the VIP guest staterooms with queen berths, ample storage, hanging locker, entertainment and ensuite with shower. To port in the middle of the foyer is a fourth guest room with a settee that fold out to a high quality queen berth, although smaller than the other staterooms, has an open feel with the bulkhead opening to make for a seating area when set up as a settee. With the bulkhead closed the stateroom becomes a private stateroom with a queen berths, hanging locker, storage, entertainment and ensuite. Once back in the main salon, one finds a stairway aft leading down to a large well-equipped galley and crew quarters for four. Once back on the main deck, one can go forward to the bow to find a huge sun pad area with an additional garage for storage of a tender or jet skis.

Accommodations
