DETAILED INFORMATION

Vessel Overview

'One More' offers unmatched value and no other Sportfish in this size and price range come close to delivering all she has to offer. The word custom gets written a lot in listings for production boats. **In this instance, custom means CUSTOM. Painted fully, mezzanine, full teak package, black mask, real teak and holly floors, custom cabinetry with decorative inlays, all new electronics... There is too much to list!** The 55 Viking is a proven hull design and one of Viking Yachts most successful hulls. She is debatably the perfect size sportfish, defined by her sensuous curves and stunning lines. Built at its heart with one purpose, the 55 Viking sought to be the ultimate tournament sportfisher combining form and function that resulted in a luxurious yacht with unmatched open-ocean performance.

"One More" stands above the competition having been generously upgraded since 2006 and is likely the finest 55 Viking you will ever see. Benefiting from an open checkbook policy by each of the previous 3 owners. She is truly turnkey and features a massive interior refit and highly desirable updates across the board.

FEATURES
