---

**Engines:** 2

**Manufacturer:** Volvo

**Model:** IPS 900

**Engine Type:** Inboard

**Fuel Type:** Diesel

---

# DETAILED INFORMATION

---

## Vessel Walkthrough

---

The Horizon E56 is designed to take advantage of the drive technology offered by dual Volvo IPS drives for improved fuel economy, better performance, reduced draft and increased interior volume. The dynamic exterior features a refined and streamlined profile with continuous style lines, making the E56 a lesson in design and proportion. The over sized windshield provides improved visibility from the lower helm and also creates a spectacular overhead skylight for the on-deck dining area. The large main deck side windows flow into a uniquely streamlined effect which maximizes the natural lighting and compliments the custom interior LED lights for optimal lighting day or night.
