SPECIFICATIONS

Overview

The recently refitted MIRAGE superbly combines open and covered deck space with great internal volume. There are 8 cabins available including a Master and VIP on the main deck, 2 double cabins and 4 twin cabins on the lower deck. Her spacious living areas are designed with teak, subtle cream fabrics and contemporary furnishings. Her outstanding sun deck, with large dining area, huge sofas, and her vast main aft deck area, ensures outdoor living at its best.

DETAILED INFORMATION

Description

With her traditional lines and Feadship pedigree the 53m/174' MIRAGE epitomizes classic superyacht charm, yet delve a little deeper and you find interiors and amenities at the highest levels of modern luxury.

Built in 1979, motor yacht MIRAGE started out life as the 48m/157'5 DARIA. In 2007, she embarked on an extensive 10 month refit at the Pendennis Shipyard which saw her benefit from a number of major structural and technical upgrades, none more impressive than a five metre extension added on to her transom. The exceptional results of this refit were noted throughout the yachting industry.

MIRAGE has also seen extensive changes over the last three years, having spent her winters at STP Shipyard in Palma, Mallorca. During these winter periods, MIRAGE has seen an entirely new interior, with all guest and crew areas being completely redesigned. In 2015, a brand new state of the art bridge was installed as well as a full external paint job to ensure MIRAGE looks her best for years to come.

MIRAGE's interior represents intricate styling by Design Unlimited. The well-appointed layout of the living and sleeping areas on board is complimented by sleek, contemporary styling. Contrasting wenge and fabric panels create warmth and texture alongside a selection of fine furnishings and fabrics, while an eclectic collection of hand-picked art works adorn the walls.

Her outside spaces have been equally well considered, providing wide open areas for guests to relax and enjoy life at sea. A covered al fresco dining area is available for elegant evening meals surrounded by spectacular views, and there is also the option of a more casual dining area if preferred. MIRAGE also boasts a luxury large mosaic jacuzzi on her sundeck, surrounded by sunpads; so get ready to watch the sun set while relaxing with your favorite cocktail...

MIRAGE is committed to lowering its impact on the environment by making a conscious effort to reduce its carbon footprint. In doing this, MIRAGE has introduced carbon offsetting which is a practical and effective way to counteract the greenhouse gas impact while preserving your cruising freedom.

WINNER OF BEST REFITTED YACHT 2016 MIRAGE's exceptional refit was highly commended at the World Superyacht Awards 2016 after picking up the coveted Neptune trophy in the Refitted Yachts category. Receiving the most votes in the judges' secret ballot, motor yacht MIRAGE impressed with the scope and quality of her refit as well as with her new gymnasium and spa pool.
