SPECIFICATIONS

Overview

The Princess 56 perfectly combines a spacious and exquisitely finished interior with an exhilarating performance and is destined to become the new benchmark for her class.

Out on deck, the expansive cockpit features a teak dining table and generous seating and teak-laid steps on either side lead to the bathing platform which can be optionally fitted with a raise/lower mechanism to ensure easy stowage, launch and recovery of a tender.

For panoramic views, dining can also be enjoyed on the spacious flybridge where further seating surrounds a second al fresco dining table. Twin helm seats are complemented by a versatile 'L' shaped companion seat to starboard which can easily be converted into a sunbed.

As with all Princess craft, the interior is crisp and contemporary and finished to the highest quality to create an interior ambiance of a much larger vessel. The beautifully styled main salon is bright and airy with large wrap around windows providing panoramic views. The open-plan arrangement features a U-shaped sofa and coffee table, with a sofa opposite, and a separate raised dining area forward while the well equipped galley, also located here ensures a highly sociable layout.

The lower accommodation comprises of three beautifully appointed cabins including a full beam master stateroom and a spacious forward guest cabin, both with generous en-suites. The optional aft cabin, with its own head, incorporates a single bed for crew or occasional guests.
