## Vessel Overview

The Ferretti 690 is a further step forward of the Ferretti Yachts fleet, characterized by the new design of outer lines, which are now sportier, with a sleeker and more dynamic profile. The wider glazing makes exteriors lighter and provides an amazing quantity of natural light to interior spaces. The interiors of the Ferretti 690, 21 meters or 69 feet long and 5.5 meters or 18 feet wide, are spacious and wisely organized, in order to exploit living areas at their best in both layouts. Volumes are notably enlarged by the natural light coming in from the wide windows.

The main deck features a rational distribution of spaces. Its elegant lines make it incredibly wider compared to the previous Ferretti 660. A vertically sliding glass partition allows separating this area from the rest of the saloon or leaving it open, turning the main deck into a large open space. The dining area and the sofa are located in the central part of the deck, enjoying wider spaces and featuring the utmost comfort for the guests. The flybridge has been renewed and bears witness to Ferretti's great care for indoor and outdoor layout optimization. Only the bar unit located near the access staircase has been maintained from previous models; everything else has been entirely redesigned so as to ensure all guests the utmost comfort.
