SPECIFICATIONS

Overview

Those in the know feel that the Sea Hunter Tournament 45 is one of the best riding boats in their class with outstanding fit, finish and fishability. **Carol Cee** was made to run fast and dry in the roughest conditions.....the rougher the better. When she was originally sea trialed in June, 2016, the sea trial was in 6' - 8' seas and she was nothing short of **AWESOME**. Of course a truly serious 45' fishing machine with a factory installed Sea Keeper is the ultimate, no matter what the sea conditions.

The hull design of the 45' Sea Hunter integrates a full padded V-bottom, a stepped transom with abbreviated hull combined with the sharp entry (60 degrees) and deep vee at the transom (24.5). Oversized chines allow a smooth, dry ride at fishing speed or at wide open throttle (62 mph).

CAROL CEE was ordered with every option that was available. Powerful 350 hp Yamahas, state-of-the-art electronics, A/C, Sea Keeper, custom fish bait prep area, generator, spectacular, custom tower with repeaters, Gost, microwave, more rod holders than you could ever use at one time and accommodations for 2 or more very close friends for overnight fishing or a cruising adventure.

A personal conflict of time for the seller is going to be to the advantage of another very lucky angler. This is a very rare opportunity to purchase an **outstanding fish killing machine without the hassle of custom building and waiting**. She is being offered with warranties still in place. Bring your tackle and head out for the big ones.
