## Overview

---

**ONE SOLID HULL** The power of one solid hull is ultimately felt offshore. When nothing is moving beneath your feet, you know you are on a boat built to handle the high seas.

**ONE SOLID STRINGER** Regulator's signature stringer is one solid piece of fiberglass, handcrafted without an ounce of wood, then bonded to the hull. This creates the strength and rigidity you need to take on any offshore condition with ease.

**LOW CENTER OF GRAVITY** The weight and depth of our hull and stringer guarantee a lower center of gravity. And a lower center of gravity gives you better performance in every ride. Add a seamless walkaround deck, perfectly-fitted console, and clean surfaces throughout for the fit & finish that only Regulator can deliver.

The Regulator 31 is equipped with twin 300 Yamaha engines, a massive cockpit, oversized tackle center and fishbox, plus an abundance of standard items and options for a day of serious fishing. The 31 Regulator also features a starboard dive door, integrated forward seat backrests and other lifestyle amenities.

## Basic Information

---

**Category:** Center Console
