ХАРАКТЕРИСТИКИ

Обзор

A wonderful example of this very popular Sea Ray model. She boasts low hours (548) on her desirable Cummins power. Her owner has taken great care of her and is searching for his next boat. She is a must see!

ПОДРОБНОЕ ОПИСАНИЕ

Overview

For those who believe the view is always better at the top, the Sea Ray 450 Express Bridge provides a great spot to enjoy it from. It's long and wide with a generous beam of 14 feet 8 inches to offer plenty of space for entertaining, and plush sleeping accommodations for up to six people. The walk-through bridge features an adjustable captain's chair, forward and aft bench seats with storage below, a wetbar with ice maker, and a snap-in carpet. The helm is the finest control station ever designed by Sea Ray for optimum visibility, and easy access to a host of standard electronics and digital LCD systems monitors. Also standard are the bridge cover, cocktail table, and Clarion AM-FM digital cassette stereo with a six-disc CD changer, subwoofer, six speakers, and remote controls. The aft cockpit has abundant storage in the transom wall, which also features a convenient fold-down seat. Dual transom doors open out to the large fiberglass swim platform (with its own concealed ladder) and there are molded fiberglass cockpit stairs for easy boarding. In the spacious, well-lit cabin of Sea Ray 450 Express Bridge, the salon provides a homelike setting surrounded by granite-look countertops and tables, handcrafted wood trim, plush throw pillows, and deep-pile marine carpet. The comfortable U-shaped sofa - dinette invites guests to take their leisure while enjoying the TV - VCR - radio combination, and Clarion AM-FM digital cassette with a six-disc CD changer and six speakers. In the galley, there's plenty of room for cooking and provisions with a three-burner electric stove, refrigerator and freezer, microwave - convection oven, coffee maker and more. Plenty of storage space can be found in upper and lower cabinet space and in a floor storage compartment. Serving meals is also easy at the breakfast bar. Even cleanups are made worry-free with custom-molded fiberglass countertops and a concealed trash receptacle. The Sea Ray 450 Express Bridge has private accommodations, including a forward stateroom with full-size bed and innerspring mattress, entertainment center with TV - VCR - radio combination, and storage space including enclosed gunwale cabinets. The master shower and head area is complete with a VacuFlush toilet and power vent, vanity, sink, and mirrored medicine cabinet. In the guest stateroom, there's a full-size bed, and plenty of built-in storage along with its own private VacuFlush head and shower. And there's a third stateroom aft with yet another full-sized bed, abundant storage areas, and a washer and dryer. The 450 Express Bridge, with optional 350 hp Cummins engines and a meticulously crafted hull, provides outstanding performance while the patented underwater exhaust system keeps the ride quiet as well. An optional 10.0 kW diesel generator provides added security while a host of upgrades - including autopilot, hydraulic marine lift swim platform, and more - enable Express Bridge owners to set their own standards of excellence for cruising the high seas.
