## Overview

---

"Navetta" is an Italian term meaning "little ship," and that is what the SD92 was designed to be. An overall length of 92 feet offers terrific advantages to the cruising range, and provides comfort to her guests when underway, boasting an astonishing vibration- and noise-free interior environment. Compact and sturdy, she offers a level of comfort normally reserved for yachts twice her size.

A flybridge that befits a much larger yacht, aft deck space for lounging or dining, a massive garage and incredible machinery spaces -- she offers true ship systems, features, and comfort in a manageable package.

The SD92 is not just a yacht, but a floating residence, surrounded by an ever-changing picturesque montage of the world's most beautiful oceans.

Sanlorenzo of the Americas provides direct access to the shipyard for customers in North America, Central America, and South America. Headquarters in Fort Lauderdale, Florida.
