## Overview

### THE ESSENCE OF A TRUE FLAGSHIP

For those boaters who want a raised pilothouse as well as a lower helm station, the 720 Tri-Deck is the perfect answer. Marquis Yachts offers the finest in contemporary yacht design. Yachts displaying the prestigious Marquis badge have been designed and styled by the studio of Nuvolari-Lenard, a design house world-renowned for creating the most innovative and highest quality mega, super and semi-production yachts. If you are entertaining at dockside or making an offshore passage in a Force 7 gale – a Marquis will never fail to impress all onboard. Marquis is a substantial yacht. Substance not built from flamboyant promotions or superficial rhetoric. Marquis substance is tangible, built into their yachts by experienced craftsmen who only do things the right way – the Marquis way. In terms of construction, each Marquis is hand-built by a team of vastly experienced American yacht builders and technicians who are as passionate about building the finest yachts as you are about owning one. Marquis is unique in that nearly every component and critical system is constructed in-house. The result of such a creative team behind Marquis: strikingly beautiful, amazingly functional and incredibly strong yachts.
