## Overview

---

On the new MC6, the very close link between Monte Carlo Yachts and Monte Carlo takes the shape of supremely generous living spaces and the inestimable thought given to the choice of materials and trims. Facilitated by the family DNA, this 60-foot yacht offers a multitude of new solutions and opens the doors wide to a new world. Monte Carlo and Monte Carlo Yachts. These two brands embody a new, unique, original and brave promise, an idea that has already garnered supporters all over the world. It is an idea that was great from its inception, since it brings authentic value back to luxury. It is great because it is able to combine the best tradition of Italian design with the industrial know-how of the Groupe Bénéteau, whose shipyards are a universally acknowledged paragon in this sector. This challenge is already a victory, because every model offers far more than you would imagine based on its size. After all, size is not what defines luxury. Monte Carlo: a noble demeanour, unique style, impeccable designs. Favorites at birth, the MC4, MC5 and MC6 have directly inherited a legacy of winning values: the inimitable qualities expressed in the larger Monte Carlo Yachts models. Their timeless design has a strong character, with precious materials and solutions never seen before for this category. Monte Carlo's noble pedigree is immediately recognisable in the choice of name and logo, the style, technology and resources: this range, offered in Flybridge and Hard-Top versions, is the natural extension of Monte Carlo Yachts' philosophy and prestige for models under 60 feet long. Expect only the very best
