SPECIFICATIONS

Overview

Compact dimensions and well-designed layout of this unique Tradition 105' Benetti superyacht enclose the design solution, technical equipment and practical, comfortable spaces typical of larger yachts. She features three and a half decks, however the sundeck being very large and practical, it guarantees the same comfort as a whole deck. Thanks to the excellent interior layout and its 31 metres of length, guests can enjoy spacious living areas, like in the main deck where the dining area is separated from the living space. Great comfort even in the below-deck, where four large guest cabins, two VIPs and two double rooms are arranged towards the yacht's centre, along with practical crew paths optimized to meet working demands. The double rooms have each have a Pullman bed. The crew area has been just as well designed, perfectly comfortable for the six crew members. Tradition 105' super yacht boasts a shipowner's cabin typical of larger models, a real suite with a spacious dressing room, bathroom with bathtub, shower and separate toilet. The sun-deck is dedicated entirely to sunbathing and relaxation throughout the whole deck width. Still on the sun-deck there is a spa pool swimming pool situated with a private area facing directly to the bow. The exterior design of the Benetti's Tradition 105' motor yacht was designed by the renowned Stefano Righini and is marked by large continuous windows, with extended openings on the hull as well. The shipowner and his guests can enjoy beautiful panoramic views thanks to a number of locations facing out over the sea. The interior is designed by Francois Zuretti, who use new styles and original models to create elegant, refined environments involving interesting plays of natural light. Tradition 105' super yacht has excellent sailing features, and thanks to the reduced draught, it is possible to navigate into more protected marine areas, granting the most relaxing sail possible here too.
