SPECIFICATIONS

Overview

Starting with her stunning Scimitar bow, everything about the AMELS 206 (now under construction for 2020 delivery) attracts attention. She is a true headturner, conceived with audacity, confidence and originality by British designer Tim Heywood. The design's complex, fully curved surfaces combine with long hard-edged lines - requiring the highest level of skill in construction, fairing and painting. The AMELS 206 is an evolution of the AMELS 199. The first AMELS 199, EVENT, was World SuperYacht of the year and has been greeted with great acclaim around the world. Another AMELS 199, MADAME KATE, took the honors at the Monaco Yacht Show. Beautiful Sun Deck with Jacuzzi and optional Sky Lounge Owner's Suite with very large characteristic round windows Two VIP Suites on Bridge Deck Large Swim Platform and Beach Club with direct access from Lower Deck Guest Suites Folding balconies on Main Deck port and starboard for 'al fresco' dining with sea breezes and uninterrupted views Spacious forward tender garage with gullwing doors for 26-ft tender, 20-ft crew/rescue tender and lots of toys Foredeck helipad Full displacement steel hull with renowned AMELS naval architecture is very stable, comfortable and quiet Tim Heywood's avant-garde aesthetics house a beautiful and functional interior layout, where the engine room and all main systems are located centrally. This makes it simpler to maintain the yacht and, with all the crew and operational areas situated forwards, the aft of the yacht is a 100% guest area, a huge attraction for this 62-metre yacht. The Limited Editions range, with more than 30 yachts delivered or in build, combines Dutch yacht building knowhow with proven ocean-going performance, fast delivery, the Owner's choice of interior designer and the absolute highest AMELS quality.
