SPECIFICATIONS

Overview

Family Day is a pedigree light alloy fast planing superyacht from the world-renowned Codecasa shipyard of Viareggio. Presenting beautifully, she is a yacht that looks as current and relevant now as when she was first launched.

Designed by Andrea Bacigalupo, *Family Day* was built to ABS class and delivered in 2007 named Bellissima C. Her interior, by Franco and Anna Della Role uses select mahogany woods to create a classic decor in accommodation for 10 guests in five cabins consisting of a master suite, three doubles and a twin, all with en suite bathroom facilities. In addition, there are quarters for six crew. Storage areas throughout are plentiful and far greater than would be anticipated on a 41m fast yacht.

A full-width open-plan main saloon has formal dining for eight guests. The relaxation area has two leather settees and four armchairs.

The external areas offer wide sunbathing spaces and sun pads, at the bow as well as on the aft deck and flybridge. On the bow there is a solarium area plus an al fresco dining area arranged in a C-shape, hosting in its internal part two tables which can be joined into a single oval table able to seat up to 14 guests in comfort.

On the aft deck is another dining table in front of the main saloon's doors, along with large sun pad and seating, and viewing underway seating area.

Three 2,400 hp MTU diesel engines linked to triple KaMeWa water jets power her to speeds of up to 34 knots with a cruising speed of 25 knots. With a massively proportioned engine room kept in squeaky clean condition, *Family Day* would be a dream for any Superyacht Engineer to work with.

Family Day completed a 10 year ABS Survey and technical refit in May 2017.
