SPECIFICATIONS

Overview

The Benetti Delfino 93 features a full displacement hull providing the ability for safe, comfortable and economical long range cruising. This hull design has allowed the skilled Benetti designers to maximise the interior and exterior areas making the Delfino 93 the most spacious motor yacht in her class. The efficient engines powering MARY ROSE are extremely smooth and quiet, making cruising a pleasant experience for all on board. MARY ROSE has the optional extra cost Awlgrip painted exterior ensuring easier maintenance and longer life than the standard gel coat finish. The owner of MARY ROSE researched the market extensively before deciding on the Benetti Delfino 93 over other yachts of similar size. He followed the build process at the Italian shipyard closely and added many extra cost options making MARY ROSE one of the best equipped Delfino 93 models ever built. These include the custom mood lighting system, an amazing, technically advanced, sound system, many upgrades to the machinery and costly custom furnishings. MARY ROSE has always been maintained and operated by a full time professional crew.
