---

## Engine Information

---

**Engines:** 2

**Manufacturer:** MAN

**Model:** 1550 CR

**Engine Type:** Inboard

**Fuel Type:** Diesel

---

# DETAILED INFORMATION

---

## Additional Salesperson's Remark

---

The 64 Pershing production is marked by high performance, ongoing stylistic research, the use of top quality materials and interior design aimed at offering the highest levels of comfort. Together with engines up to 3100 hp and the use of surface propellers gives JOY an extremely sporty performance with a top speed of 46 knots. Once on board JOY, you will quickly realize that the name defines her.....pure performance equals pure JOY! Many of the 64 Pershing's were painted light silver or a darker charcoal, JOY stands out from the crowd with a very distinctive pearl silver with just a suggestion of bronze and pewter. The color is amazing and deserves a personally visit to appreciate it's uniqueness. A three stateroom yacht with crew quarters for one, numerous spaces onboard, massive aft deck sun pad and an equal one forward for those anchored out days relaxing with family and friends. Garage holds a tender or if you choose one PCW. Drop down the salon window and you instantly double your entertaining space and transform the boat into a villa on the sea. When the weather turns unfavorable, simply bring up the window, engage the automatic sunroof, turn the Super tropical air conditioning on and continue your voyage. Joy is a US spec built boat which translates to a larger generator and double the air-conditioning compared to the European boats here in the US. Think about cruising from Lauderdale to Bimini in a hour and thirty minutes for lunch. Do it quickly, safely and efficiently with a 25% fuel savings over most conventional propulsion systems. Pershing's also can navigate very shallow water due to the fact you can raise the drives and go right past smaller vessels that have traditional shaft, rudder and props. Those boats have absolutely no ability to reduce draft. The Pershing 64 drafts less than most 50 to 60 foot boats and unlocks far more intimate cruising grounds, especially on the west coast of Florida and the Exumas. Conveniently located in South Palm Beach and we look forward to sharing how JOY can be a part of your yachting life .

## Engine Room Additional Information:

---

MAN factory block heaters. " provides longevity to engines even in warm climate" Algy X fuel polisher. "Provide clean fuel to the engines" Engine room DC lighting.

## Deck Equipment

---

Fiberglass deck with teak on side decks Stainless steel rails and stanchions with stainless steel safety line Stainless steel anchor roller assembly 32-kg Trefoil galvanized anchor with approximately 250' of chain Lofrans anchor windlass with capstan and wildcat Hatch to chain locker Anchor washdown Sun lounge with pads forward deck area Two windshield wipers Navigation light, port and starboard Bow cleat, port and
