## Overview

---

BELUGA is a 45m 498GT full displacement steel hulled yacht delivered in 2014 featuring a full beam owner's stateroom, gym, sauna, large beach club and a stunning art deco interior. Multiple large exterior deck spaces and state of the art high power sound systems make her an entertaining machine! The sun deck comparable to any larger 55m yacht you could mention with two separate seating areas, onyx glad full bar, large BBQ grill, 6 person Jacuzzi and a gym! She is commercially registered and a real charter machine. This is the eighth yacht built at the shipyard and their history of building military ships has meant this is one very stable and solid ocean going vessel! She was professionally project managed by a veteran team and the owner was very involved throughout the build. Vripack were involved from design through to delivery and the vessel uses every inch of her space. Northern European materials and parts have been used throughout and she genuinely feels every inch like a Dutch built masterpiece and should be included in any high quality client presentation. Any serious, demanding and particular client would be taken with her at first inspection. In addition to her outstanding build quality, reassuring stability and spacious accommodations she is an extremely quiet and economical vessel. You can barley hear the generators and mains when running and she burns just 150 liters per hour at cruise!
