2006 Mercury 275 xl Verado four stroke power

405 hours

Verado 275 Specifications Propshaft Rated Horsepower (HP / kW): 275/205 Max RPM (WOT): 5800-6400 Cylinder/Configuration: Straight 6, 24-valve direct acting double overhead cam (DOHC) Displacement (CID/cc): 158.5/2598 Displacement Liter/CID: 2.6/158.5 Bore & Stroke (in): 3.23 x 3.23 Bore & Stroke (mm): 82 x 82 Compression Ratio: 8.35:1 Fuel Induction System: SmartCraft DTS electronic throttle, supercharged with charge air cooling and electronic boost pressure control Fuel System: Computer controlled Sequential Multi-Port Electronic Fuel Injection (EFI) Fuel Requirements: Unleaded premium 92 octane recommended for maximum performance / 87 octane minimum (R+M/2) Ethanol Tolerance: Up to 10% Ignition System: SmartCraft PCM 07 Digital Inductive Charging System: Fully regulated belt driven 70-amp (882 watt) Starting: Electric (Turn-key) Exhaust System: Through Prop Cooling System: Water cooled with thermostat & pressure control Lubrication System: Integrated dry sump Oil Requirement: NMMA Certified FCW SAE 25W-40 Oil Capacity - Quarts (qts.): 8.5 Oil Capacity - Liters (l): 8.0 Engine Management System: SmartCraft PCM 07 Engine Control System: SmartCraft Digital Throttle & Shift (DTS) Engine Protection System: SmartCraft Engine Guardian Gear Shift: SmartCraft DTS, F-N-R Gear Ratio: 1.85:1 Trim System: SmartCraft programmable power trim and tilt Steering: Electro-Hydraulic Power Steering w/Integral Hydraulic Cylinder Weight (lbs / kg): 635 / 288

Verado, the world's only supercharged production outboard engine.

**NOTHING'S QUIETER** The Verado multichambered Intake Sound Attenuator not only reduces overall noise by up to 14 decibels, it also tunes the engine sound to a more pleasing tone. Additionally, Acoustic Foam Lining along the upper cowling and chaps absorbs highfrequency engine and driveshaft noise, resulting in Verado's best-in-class sound rating.

**SMOOTHEST RIDE** Verado inherently runs smoother than conventional V-block outboard engines thanks to its Inline Design. An inline six-cylinder engine is better balanced because the cylinders are aligned in one row, providing a smoother-running, more compact design.

**PRECISE STEERING** Verado's exclusive Electro-Hydraulic Power Steering system eliminates steering torque while delivering a precise steering feel.

**VIRTUALLY VIBRATION-FREE** Not only are the Verado Perimeter Engine Mounts twice the size of typical mounts, the innovative positioning around the powerhead virtually

eliminates engine-related boat vibration.

**ULTIMATE CONTROL** The SmartCraft® Digital Throttle & Shift (DTS) System delivers automotive-like control, instant throttle response and smooth shifting by eliminating the hesitation of traditional mechanical cable systems. More than 50,000 hours of testing and four years of consumer use make DTS the most rigorously proven control system on the water.

**FUEL FLOW CONFIDENCE** SmartCraft delivers excellent control and confidence for marine systems, especially when it comes to Fuel Management. SmartCraft provides up-to-the-second information on fuel range, fuel levels and fuel flow, ensuring accurate and dependable fuel information for improved efficiency.
