SPECIFICATIONS

Overview

Flagship of the (2014) Robalo fleet, the R300 Center Console is a hardcore fishing boat for anglers able to afford both the top-notch quality Robalo brings to the table and a yacht-like finish. Like all late-model Robalo boats, the 300 is built on a Kevlar-reinforced deep-V hull, and her broad 10'6" beam allows plenty of fishing space for two anglers. Notably, the 300's uncluttered, single-level cockpit and wide walkways make getting around easy. Wraparound bow seating—which converts to a large casting platform—is enhanced with a standard dinette table and filler cushion.

At the helm, bolster bucket seats with flip-up front cushions have arm rests for long-distance runs. Aft, a full-width seat folds into the transom for added fishing space and a vertical rod storage rack is found in the console. A transom service hatch provides easy access to the batteries and there are also two live wells - one 25-gallon and one 50-gallon - both with blue LED lighting.

The R300 has everything you would want - good range with a 300 gallon fuel capacity and Yamaha 300hp outboards that top out at 45+ knots.

Basic Information

Category: Center Console

Model Year: 2014

Year Built: 2014

Country: United States

Vessel Top: Hardtop

Dimensions

LOA: 30' 0" (9.14m)

Beam: 10' 6" (3.20m)

Min Draft: 1' 8" (0.51m)

Max Draft: 2' 10" (0.86m)

MFG Length: 29' 2" (8.89m)

Speed, Capacities and Weight

Displacement: 7500 Pounds

Water Capacity: 30 Gallons

Fuel Capacity: 300 Gallons

- Radio - Clarion
- Compass - Ritchie
- CD Player - Clarion
- GPS - (2) Garmin GPSmap 7212
- Cockpit Speakers
- VHF - Garmin VHF 200

Inside Equipment

- Battery Charger

Manufacturer's Statement

Whether you're trolling with hooks in the water or motoring through the tough stuff in search of a trophy catch, Robalo's R300 center console flagship sparks an adrenaline rush unlike any other fishing boat. Unique style. Phenomenal overall performance. Dry ride. Best-in-class features. Featuring two oversized livewells, more than 245 gallons of insulated fish box capacity and a well-equipped bait prep center, the R300 is primed to tackle any fishing adventure. Combine a Kevlar-reinforced hull with a 10-year limited hull warranty and you'll enjoy complete peace of mind every time you take to the water. An abundance of rod holders ensure you're never more than an arm's length away from your equipment. The optional fiberglass T-top is the widest in its class, providing more sun protection than rivals. Robalo's 21-degree variable deadrise Hydro Lift bottom design can tame up to 700-horsepower so faraway GPS coordinates are never far away.
