SPECIFICATIONS

Overview

NEW PRICE REDUCTION!

The 340 Sundancer is by far one of Sea Rays most popular models. This 2005 has been kept in a covered slip since 2006 when the current owner purchased her, and it shows. It has been meticulously cared for by its owner as well as professionally maintained on its exterior with regular waxing and detailing. The engines are regularly maintained on a schedule by a professional mechanic and risers and manifolds have been changed. All records of any work done on the boat are available. The vessel is powered by Mercury 8.1S 375HP engines with 759 Hours that are equipped with a freshwater flush system. It includes full camper package canvas with both eisenglass and screens. This is an exceptionally clean vessel and does not show like a 2005. If you are looking for a 340 Sundancer this is one you do not want to miss! For more details see the spec.

Basic Information

Category: Cruiser
